Subject: Proposed Xcel Waconia/SWTC 115/69 kV Transmission Line Rebuild Project
Date: Monday, March 14, 2011 7:50:33 PM

Hello Bill,
I attended your meeting in Norwood earlier this month. Unfortunately I had to leave shortly after your presentation. I would like you to consider moving the power line from the center of our property to county Road 34. Our property is located just west of County road 33 south of county road 34. The current line travels along the old county road 34. This is down the middle of our property. I think it would make sense to move the power line from old 34 to the new 34 just west of county road 33. Please let me know what additional information you will need to consider this route.
Thank you for your help.
Best Regards,
Jerry
