DRAFT EIS
Xcel Energy Hiawatha HVTL Project
PUC Docket Number: E002/TL-09-38

Name: Robert Lilligren

Representing: myself

Address: #1 2919 3rd Ave So. Mpls, MN 55408

Email: robert.lilligren@ci.minneapolis.mn.us

Comment:
What I like: references to the demographic make up of impacted populations; references to historic assets; references to burying it; references to distributing costs broadly

What I don't like: lack of developed analysis on multiple substations (east & west)*
lack of acknowledgment of cummulative negative environmental impacts from multiple sources on people in this project area.

*also the lack of mitigation to minimize the profile of the substations - like partially burying the substation and bury the lines as they approach the substation
