Dear: Ray Kirsch went to meeting
held December 13, 2011 at Parkers
Prairie event center on proposed project
From Great River Energy upgrade 41.6 Kv
to 115 Kv From Hwy 29 going west
on county Road 6 to substaion enclosed
is map how wide our woods is
and house from county road 6
at hearing otterstuil county wants
10' more right of way from 50' to 60'
I am not happy about this as
we will lose all of woods north
of house to Highway. as i feel county
dosn't have any motions or resolution
on increasing right of way I would like
it denied and if county gets 10'
increase who pays me on 10' increase
on right of way. also have irrigation
system don't know how close it will be
to right of way

RECEIVED
MN Dept of Commerce
Mailroom

Yours truly

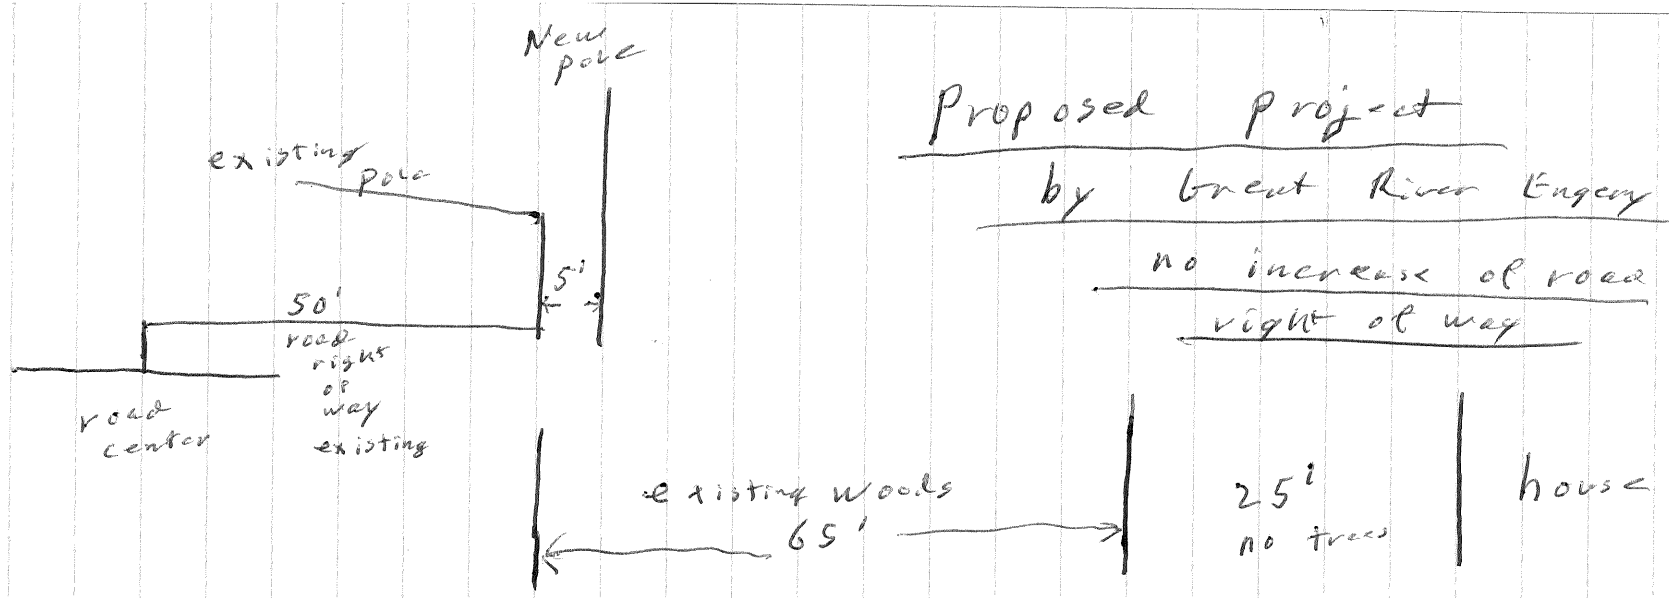
Bruce Jahnke
55222 co Hwy 6
Parkers Prairie Mn 56361
phone 218-338-4882

enclosed map

No woods on North side of road for Avection

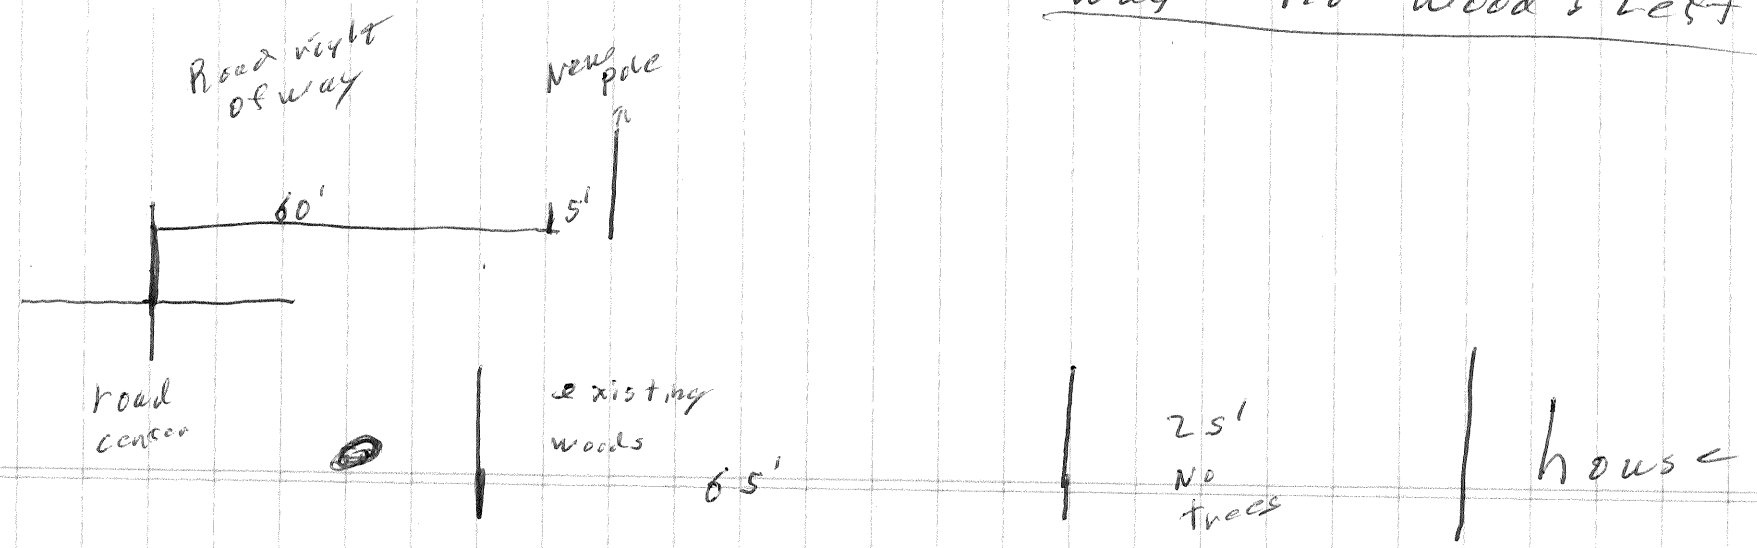
Proposed project by Great River Energy

no increase of road right of way



as stands would lose 55' of woods 10' Left

Proposed project with 10' extra for county right of way no woods Left



No woods Left
