Fargo to St. Cloud 345 kV Transmission Line Project
PUC Docket No. E002, ET2/TL-09-1056

Name: Thomas L. Pierskalla
Address: 37524 Co. Rd. 155
City: Avon State: Mn ZIP: 56310

Please share your comments on the potential impacts, mitigation measures and alternative routes to be considered in the scoping document and environmental impact statement to be prepared for the proposed Fargo to St. Cloud 345 Kilovolt High Voltage Transmission Line Project.

Turn this form in today or mail to the address provided on the back (use additional sheets as necessary). You may also email comments to David Birkholz, Project Manager at david.birkholz@state.mn.us with **TL-09-1056** in the subject line. Faxed comments can be sent to 651.297.7891. **Comments must be received no later than 4:30 p.m., Friday, February 11, 2009.**

Please consider changing the Freeport to St. Cloud route and stay along I #94. If getting thru Avon is a problem how about following Co. Rd. #54 or the Lake Wobegon Trail (it's the old railroad bed), you could always go underground for a few miles if needed, you could then join up with I #94 again just past St. John's. That way you wouldn't be crossing as many farms and natural areas and affecting property values. Please consider this.
