I'm writing to inform you of our concern of the alternate route HVTL Route - from St. Cloud, MN to Fargo, ND. According to the proposed map we saw at the Boardway Ballroom in Alexandria a few weeks back, this alternate route on Hwy #27 West, could possibly be coming right through/over our home!!

I do not like the thought of a HVTL running right through/over our home. I have concerns of potential health problems down the road, due to excessive exposure of such a line. We also have concerns of the depreciation value of our home if this were to run on or next to our property.
