Comment: as chairman of the citizens advisory Committee for Big Bog State Recreation area our concern lies in the fact that the terminus of the Bog Walk is currently a clear wilderness view. If the power line would be located in the current proposed corridor ~~they~~ the towers would be in view of the boardwalk terminus and would degrade the wilderness setting we are ~~trying~~ endeavoring to promote.

Our suggested alternate route would be to follow the line that is already there.

Thank you for your consideration
