Comment: Re: Bill Grays Private Airstrip
Located in Sec. 20 Twp 67 Rg 25

This Comment Now directed to The Possible Alternate Route for The Great Northern Line Which would ~~Bad~~ Run approximately ½ mile west of The Exsisting Airstrip. I have owned 8 Aircraft over Several years and have had frequent Contact with Bill Gray who is a Qualified FAA Inspector: AI. and Instructor: CFII. I have landed at His Strip Several Times for Maintinance and Repair. He has Conducted Annual Inspections of Aircraft and given Bi-Ennial Flight Reviews to for me.

The Line, if Placed in The Proposed Alternate Location Through Sec. 20 would be a Significant Hazard to Air Traffic to and from his Airstrip.
