I Theadis Kennedy Disagree with the decision Because the Fact remains, is that I've been working For this Company For two years, and I would never Jupardise my Job, because I have kids I have to support Bills & Rent I have to Keep up. And by law it dosent say anything about you Shouldn't drive you car or you will get Fired From your Job because of no licence that is my personal AFFair when I walk out the Company at the end of the day. and when have doctors appointment I let them now a head of ~~th~~ time, and my doctors, send written statesment why, and my former Boss Ron, have that on Record about my Asthma Condition, and when I was [redacted] put in custody by the police, I called in and let my Former Boss & Supervisor now where I was that night on they voisemail, and showed them proof of my release, that they wanted For now own in the Future, so I honored that new rule giving to me and my employess. So I've been put out here with no income. At the present still trying to take care of my kids, and my asthma condition. (no medical assitance

Thank you.
