PREFACE

Evaluation Systems group of Pearson prepared this document for the Minnesota Board of Teaching (BOT). It provides information about the Minnesota Teacher Licensure Examinations program (MTLE).

The first section of the report describes the purpose, structure, and composition of the MTLE, including a listing of the tests administered during the 2011–2012 program year. It also includes information regarding enhancements that Pearson has implemented in an effort to continually improve the MTLE.

The second section of the report provides pass rate information on candidates who took one or more MTLE examination during the 2011–2012 program year.

Section I: Purpose of the Minnesota Teacher Licensure Examinations

Introduction

Evaluation Systems group of Pearson has developed the Minnesota Teacher Licensure Examinations (MTLE) program on behalf of the Minnesota Board of Teaching (BOT). The main purpose of the MTLE program is to assist the BOT in identifying those candidates who have the basic skills, pedagogical, and content area knowledge needed to obtain an initial Minnesota teaching license. Examinations for licensure are required by Minnesota Rules Chapter 8710, and the MTLE tests are based on and aligned to the Minnesota Teacher Standards .

The MTLE program became operational in September 2010 and includes basic skills, pedagogy, and content area tests. Please refer to the following page for a complete list of the tests available for administration during the 2011–2012 program year. Each test in the MTLE program was developed in accordance with the practices recommended by the *Standards for Educational and Psychological Testing* (AERA, APA, & NCME, 1999), which require a clear definition of content domain and a rationale to support a claim that the knowledge and skills being assessed in a licensure test are required for credential-worthy performance. To verify that the MTLE reflect the knowledge and skills essential to an entry-level Minnesota educator, Pearson used the Minnesota Teacher Standards to draft test frameworks for each test field. Minnesota educators and educator preparation faculty reviewed test materials to confirm that they reflect the knowledge and skills a Minnesota educator must possess to receive a license in a given field. Minnesota educators also provided recommendations used by the BOT to establish a passing standard for each test.

Composition of the MTLE Program

Currently, the MTLE program includes 37 examinations for the fields listed on the following page. The major features of the MTLE test designs are as follows:

- All examinations except World Languages[1] are offered on computer.
- Most examinations include two subtests that cover the range of knowledge and skills needed for entry-level teaching in Minnesota.
- The MTLE Basic Skills and Elementary Education examinations each include three subtests.

[1] MTLE World Languages examinations are scheduled to be administered by computer only beginning in fall 2013.

- Most of the MTLE tests consist of selected-response (multiple-choice) items only.
- The MTLE Basic Skills Writing subtest consists of selected-response (multiple-choice) and two constructed-response items.
- All the World Language Examinations (with the Exception of Chinese (Mandarin)) consist of both selected-response (multiple-choice) and constructed-response items; the Chinese (Mandarin) World Language Examination consists of constructed-response items only.

Program Enhancements

Pearson continually works with the Board of Teaching to evaluate and improve the quality of the MTLE program. Since the beginning of the program, the following enhancements have been implemented.

Re-development of MTLE tests. Shortly after the first administrations of the MTLE tests in September 2010, the Board of Teaching requested the redevelopment of the Vocal and Instrumental Music Subtest 2. Pearson worked with the BOT to create separate subtests for Instrumental Music and Vocal Music. In December 2010, Pearson and the Board of Teaching convened a panel of music educators to provide a final determination on the assignment of items to the two revised item banks. Based on those Minnesota educator recommendations, a separate Vocal Music Subtest 2 test was created along with a separate Instrumental Music Subtest 2. A passing score review meeting was held on June 8, 2011. The first administration of the new Vocal and Instrumental subtest 2 tests took place in September 2011.

In spring 2012 the Board of Teaching requested the redevelopment of the Special Education Core Skills (Birth to Age 21) examination to align the tests with newly developed Minnesota Special Education standards. In December 2012, Pearson and the Board of Teaching convened the Minnesota Bias

Review Committee and a Minnesota Special Education Content Advisory Committee to review a draft test framework and draft test items for the re-developed examination. Pearson revised the draft test framework as directed by Minnesota educators and then conducted a Content Validation Survey of the draft test framework with Minnesota teachers and teacher educators in spring 2013. Pearson revised the draft test items as directed by the Minnesota teachers and conducted a pilot test of the test items in Minnesota during spring and summer 2013. A passing score review meeting will be held in Minnesota in fall 2013. The revised Special Education Core Skills (Birth to Age 21) examination is scheduled to available for administration beginning in January 2014.

Adjusted testing time. Pearson conducted a series of analyses to examine the amount of time used by MTLE examinees. As a result of this analysis, the testing time for five MTLE subtests (Basic Skills—Writing, Middle Level Mathematics Subtest 1, Middle Level Mathematics Subtest 2, Physics Subtest 1, and Physics Subtest 2) was increased by 15 minutes, effective September 2012.

Data Support for BOT program accountability system. Pearson, working with the BOT and the Minnesota Department of Education, developed and implemented a system to provide data on an annual basis that will support Minnesota's new teacher preparation program accountability system. This system will allow data to import directly rather than each preparation program manually entering testing data for their program.

Conducted Passing Score Review Meetings. Under the direction of the Board of Teaching, Pearson conducted passing score review meetings for six MTLE examinations (Earth and Space Sciences; Middle Level Mathematics; Physic; World Language and Culture: French; World Language and Culture: German; World Language and Culture: Spanish).

Minnesota teachers and teacher educators participated in a passing score review meeting. A modified Angoff (Angoff, 1971) procedure was used to gather passing score ratings for the items included on each subtest. Teachers and teacher educators provided three rounds of passing score ratings based on their professional judgment, their knowledge of the test field, their understanding of the qualifications of prospective educators, the content of the test items, and candidate performance on the examination.

Pearson calculated a recommended passing score for each subtest included in the examination based on panel member recommendations and provided the recommendations to the Board of Teaching. The Board of Teaching determined the passing score for each subtest.

Implemented Revised Passing Scores. Pearson implemented the Board of Teaching approved passing scores for six MTLE examinations (Earth and Space Sciences; Middle Level Mathematics; Physic; World Language and Culture: French; World Language and Culture: German; World Language and Culture: Spanish). Pearson notified candidates affected by the revised passing scores, provided the Board of Teaching with a list of candidates

affected by the implementation of the revised passing scores, and provided each institution with a list of students from their programs affected by the implementation of the revised passing scores.

Implementing computer-based testing for World Language and Culture subtests. Pearson will begin administering the World Language and Culture subtests on computer beginning in fall 2013. As a result, increased testing opportunities will be available for candidates taking these tests.

Enhancements to Assist Candidates. Pearson continually works with the Board of Teaching to examine program policies and materials and provide additional services and resources for candidates taking MTLE examinations.

- **Candidate preparation.** Since program implementation, Pearson has added the following candidate preparation resources to the MTLE program website.
  - ***Online calculator tutorial***. Candidates can review a description of the online calculator that is provided for select MTLE subtests.
  - ***Test preparation video***. Candidates can view an 8 minute test preparation video that provides an overview of test preparation and test taking strategies. It describes strategies for preparing for the subtests including how to effectively use the test frameworks and other available preparation materials and resources.
  - ***Test preparation worksheets***. Candidates can download and complete test preparation worksheets that enable them to evaluate their level of preparedness for the subtests. The worksheets describe how to map the test framework to the curriculum associated with each subtest.
  - ***Expanded study guides***. Pearson continues to develop expanded study guides for the MTLE program. The expanded study guides provide sample questions with explanations of the correct response and other helpful study tools. Expanded study guides are currently available for 28 test fields. By fall 2013 expanded study guides will be available for virtually all MTLE test fields.
  - ***National Evaluation Series expanded study guides and diagnostic practice tests.*** Additional fee-based study materials originally developed for Pearson's National Evaluation Series of tests have also been made available to MTLE candidates. Pearson conducted a crosswalk of the content of the National Evaluation Series materials to verify that the content was generally aligned with the MTLE.
- **Candidate Registration and Administration.** Since program implementation, Pearson has implemented the following enhancements to candidate test registration and administration.
  - ***Streamlined Registration Process.*** In September 2011, Pearson improved the candidate registration experience by providing the

ability to register to test and schedule a test appointment at the same time.

- ***Expanded Options for documenting need for Alternative Testing Arrangements.*** Pearson worked with the Board of Teaching to implement additional options for candidates to provide documentation of the need for Alternative Testing Arrangements. These options will be available beginning in fall 2013.
- ***Increased testing locations.*** MTLE tests are available at Pearson testing locations in Minnesota and world wide. Since the MTLE became operational in September 2010, Pearson has continued to add test locations in Minnesota. As of August 2013, the MTLE tests are available at 21 locations throughout the state.
- ***Increased testing opportunities.*** To provide additional opportunities for candidates to take MTLE tests, Pearson increased the number and length of the testing windows for the program. Computer-based tests are now available by appointment, year round Monday through Saturday (excluding holidays) at test centers across the state and nationwide for virtually all tests[2].
- ***Adjusted retake policy.*** The retake policy refers to the amount of time that candidates who do not pass a subtest must wait before they can retake the subtest. The original retake policy was set at 90 days. Upon the recommendation of the BOT, it has been changed and is now set to 45 days.
- ***Provide preliminary passing status.*** By the end of 2012, candidates began to receive a print out of their preliminary, unofficial passing status after they complete their test. This information is provided for multiple-choice only tests.
- ***Free re-tests.*** In summer 2012, Pearson implemented a system that provides free re-tests to candidates who fail a subtest at least five times.

- **Resources for understanding candidate scores on Basic Skills examination.** Pearson worked with the Board of Teaching to expand the information that is included with candidate eReports.
  - ***Expanded descriptions of performance indices***. The description of performance indices on candidate eReports was expanded to provide additional information concerning the relationship between the candidate's performance and the passing standard.
  - ***Detailed performance analysis***. Beginning in 2014, candidates will be provided additional information on their eReport regarding

[2] World Language and Culture subtests which include constructed-response components are available periodically throughout the year.

their performance on each test objective included on the Basic Skills subtests.

Resources to Assist Faculty. Pearson has worked to provide additional resources and support for faculty at Minnesota educator preparation programs.

- **Increased access to preparation materials.** Faculty are able to receive a free trial of the fee-based, expanded study guides so they can review them prior to purchase to ensure that the product will meet their needs. In addition, educator preparation programs may purchase bulk orders of the fee-based preparation materials at discounted prices.
- **Additional score reports.** Institutions now receive annual information regarding their institution's performance and statewide performance on each test objective included in each subtest (as long as at least 10 candidates take a subtest).
- **ResultsAnalyzer trainings.** Evaluation Systems invited faculty at Minnesota educator preparation programs to participate in a webinar to answer questions about ResultsAnalyzer and provide additional training in the use of the tool. A series of three webinars were provided for faculty.

Section II: Findings: September 2011–August 2012

The following reports are provided for the MTLE program.

- **Percent Passing each Subtest by Gender and Ethnicity.** The report provides information on the number of candidates passing by gender and ethnicity.
- **Cumulative Retake Analysis.** This report provides information on pass rates by test attempts. For each subtest information is provided for all candidates. The information includes the number of candidates who tested and the number passing on their first attempt, their second attempt, and their third or greater attempt.

Interpretive Cautions. The notes below are an integral part of the accompanying tables.

- Pass rate tables include data from September 2011 through August 2012.
- Mean SS=Mean Scaled Score: Scaled scores are from 100-300. An examinee must receive a scaled score of 240 or higher to pass the subtest.
- Examinees whose data are presented in this document may not reflect the same performance as that of examinees who will take these tests in the future.
- Extreme caution should be used in interpreting data for small numbers of examinees. The examinees for whom results are presented in this document may not reflect the same proportion of all the types and capabilities of examinees in the population who will take the tests in the future.
- Caution should be used in interpreting pass rate data by institution. These data are based on examinee self-reported responses to the optional test registration question, “where have you received the majority of your educator preparation training.”
- Pass rate data are based upon candidates’ best attempts.
