

Bulletin

Workers' Compensation Bulletin 14-1 November 20, 2013

To: Workers' Compensation Coordinators
Accounting Coordinators

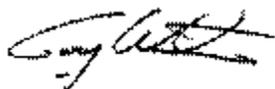

Subject: Special Assessment Rate Change

The Department of Labor & Industry changed the special assessment rate to 19.9725% effective July 1, 2013. On your October workers' compensation invoice, please note that the charge for assessment has changed from 22% to 20%. In addition, please note a Line 13 adjustment to correct the charges to your agency for the assessment for the period July 1 through September 30, 2013.

If your agency participates in the alternate cost allocation account (premium pool), the adjustment will be made with FY15 premiums. The change to the rate was announced after we had finalized the premiums for the current fiscal year.

If you have questions, please contact Gay Scharpen at (651) 201-2587 or gay.scharpen@state.mn.us or me.

Sincerely,

Gary Westman, Manager
Workers' Compensation Program
Risk Management Program
