

Workers' Compensation Program CorCareRx Pharmacy Benefit

To: State Employee

Re: **Filling a prescription for your work injury with CorCareRx
First-Fill Temporary ID Cards &
CorCareRx ID Cards**

Please check with your agency workers' compensation coordinator to determine if your agency participates in the First-Fill Prescription ID cards. If your agency participates in the first-fill program, you should receive a CorCareRx First-Fill card from your agency that you should use to fill any initial prescription that a health care provider prescribes for your work-injury. This first-fill card can only be used one time.

Shortly you will receive a letter from CorVel with instructions on to how to fill workers' compensation-related prescriptions using CorCareRx, CorVel's workers' compensation pharmacy plan. The letter will include a personal identification card along with a list of pharmacies in the area where you may get your prescriptions filled. This ID card should be used for all workers' compensation-related prescriptions.

Once you receive the card, it is required that you use the card to fill prescriptions for your work injury. Use of the prescription card brings the following benefits:

- No out-of-pocket expense
- Eliminates the need for you to request reimbursement for the costs of prescriptions

The card can only be used for prescription medications related to the specific workers' compensation injury that the card is issued for. If you have questions upon receipt of the letter and card, call CorVel at (800) 275-8893.

The issuance of the card is tied to the timing of the submission of First Report of Injury forms and is automated. There is no call necessary to activate this benefit. Reimbursement requests for the cost of prescriptions filled prior to the issuance of the card may be sent to:
