

**STATE OF MINNESOTA  
BOARD OF ARCHITECTURE, ENGINEERING, LAND SURVEYING,  
LANDSCAPE ARCHITECTURE, GEOSCIENCE AND INTERIOR DESIGN**

In the Matter of  
Brian T. Hayden  
Professional Geologist No. 30230

**ORDER FOR SUSPENSION**

Board File No. 2018-0017

1. The Minnesota Board of Architecture, Engineering, Land Surveying, Landscape Architecture, Geoscience and Interior Design ("Board") is authorized to license, regulate, and discipline persons who hold a Professional Geologist license in Minnesota. Minn. Stat. §§ 326.02-326.15 (2016).

2. Brian T. Hayden ("Respondent") holds a Professional Geologist license issued by the Board. As a licensee Respondent is required to obtain a minimum number of professional development hours as a condition of retaining that license. Minn. Stat. § 326.107 (2016).

3. On September 23, 2016, the Board notified Respondent that he had been selected as part of the Board's continuing education audit for professional development hours. Respondent submitted his response to the audit on October 27, 2016.

4. On December 9, 2016, the Board notified Respondent that, pursuant to Minn. Stat. § 326.107, subds. 2, 8, it rejected a course that he had previously reported. The Board's rejection of this course resulted in Respondent being 22 hours short of the minimum number of professional development hours.

5. The Board's December 9, 2016 notice further advised Respondent that his license would be suspended if he did not substantiate the validity of the rejected course or successfully complete 22 professional development hours and submit acceptable documentation to the Board by June 7, 2017. *See* Minn. Stat. § 326.107, subd. 8 (providing licensees and certificate holders with a 180-day cure period to substantiate rejected hours or to earn other qualifying hours to meet the minimum requirement).

6. To date, Respondent has not attempted to validate the hours that the Board rejected or to submit acceptable documentation that he successfully completed other qualifying hours to meet the required minimum number of professional development hours.

**ORDER**

IT IS HEREBY ORDERED that, pursuant to Minn. Stat. § 326.107, subd. 8, Respondent's Professional Geologist license, No. 30230, is SUSPENDED. This suspension shall remain in effect until the Board receives either validation of the rejected course or supporting documentation satisfactory to the Board that Respondent has satisfactorily completed the minimum number of professional development hours.

IT IS FURTHER ORDERED that Respondent may be subject to additional regulatory action by the Board if he offers to perform or performs any services in Minnesota that require licensure as a Professional Geologist, including holding himself out to the public as a Professional Geologist during the period of suspension.

Dated: 12.7.2017
