

APPLICATION FOR FUNDAMENTALS OF ENGINEERING (FE) EXAM

INSTRUCTIONS

IMPORTANT! If you have the following education, [register direct with NCEES](#) for the FE Exam:
You have an EAC-ABET accredited bachelor's degree **or** are within 32 semester (48 quarter) credits of completing it, **OR**
You have an EAC-ABET accredited graduate degree **or** have earned 24 semester (36 quarter) credits towards completing it.
If registering direct, after you pass the FE Exam, apply to the Board for your [EIT certificate](#).

ALL OTHERS: Apply to the Board for the FE Exam using this form.

1. Read MN Rule [1800.2500, Subp. 2](#) on the Board's website (mn.gov/aelslagid/rules.html) for the qualifications for admission to the Fundamentals of Engineering (FE) Exam.
2. Complete the [Application For Fundamentals of Engineering \(FE\) Exam](#) and submit it along with the application fee of **\$25.00** to the address above. Make the check or money order payable to **MN Board of AELSLAGID**. (Electronic payments are not accepted; do not send cash.)
3. Submit evidence of your qualifying education. Read [Required Education Evidence](#) to determine what you must include with your application or have submitted to the Board on your behalf.
4. If your application is approved, the Board will mail instructions to register online with NCEES Exam Administration Services. **It is your responsibility to register with NCEES Exam Administration Services after obtaining Board approval.** Do not register with NCEES **before** receiving approval by the Board or you may forfeit your registration fees. NCEES registrations expire after 12 months.

Please note: This application **expires** if you do not register or sit for the FE Exam within **three years** of the application date, or if you **fail** the exam. In both cases, you must reapply to the Board to sit for the exam.

EIT Certification for those applying to the Board:

When the Board has received **all final, official transcripts (see Instr-2)** and notification from NCEES that you passed the FE Exam, your EIT certificate will automatically be mailed to you at no extra cost.

Please note, however, that if the Board does not receive your final official transcripts within one year of the date you sat for the exam, your FE Exam application will **expire**.

If your application does **expire**, you will need to apply to the Board and pay a \$25 fee to receive your EIT certificate using the [Online EIT Application](#). (**NOTE:** EIT is optional and not required for eventual licensure.)

Be sure to update the Board if you have a change of name, address or phone number.

If you have questions regarding your application, please call the Board office at 651-296-2388.

NOTICE OF COLLECTION OF PRIVATE DATA

In accordance with the Minnesota Government Data Practices Act (Minnesota Statutes §13.04, Subd. 2), the Board is required to inform you of your rights as they pertain to private data collected from you on this application for licensure. The data you furnish on the application will be used by the Board to assess your qualifications for licensure. The collection of your social security number by the Board is required by both federal and state laws. If you fail to provide this data, the Board may be unable to approve your application or issue your license.

Federal law (42 U.S.C. 666(a)(13)) requires each state to collect social security numbers at the time of application for a professional or occupational license in order to improve effectiveness of child support enforcement.

Additionally, pursuant to Minnesota Statutes §270C.72, Subd. 4 (2022) the Board must provide the Commissioner of the Minnesota Department of Revenue a list of all applicants, including name, address and social security number or Individual Tax Identification Number (ITIN), each calendar year for the purpose of identifying individuals owing delinquent taxes. Pursuant to Minnesota Statutes §13.41, Subd. 2 (2022), all application data, except name and designated address, are private data until licensure is granted. When licensure is granted, all data, except social security number, become public record.

The Board will not share your private data with other persons or agencies unless it is required by law.

Required Education Evidence

Read below to determine what information **you must request be sent directly to the Board**, based on your education:

EDUCATION	EVIDENCE REQUIRED
Engineering graduate degree from an institution that offers an EAC-ABET accredited bachelors degree in the same engineering discipline	<p>Submit your final, official transcript(s) in a sealed envelope from your educational institution(s). Send both undergraduate and graduate transcripts. The transcript(s) may be mailed directly from the institution(s) to the Board, or sent along with your application as long as the transcripts are still in their original, sealed envelope.</p> <p>All transcripts must be in English or accompanied by literal English translations completed by a certified translation service.</p>
Not yet graduated but have earned 24 semester credits from an engineering graduate program at an institution that offers an EAC-ABET accredited bachelors degree in the same engineering discipline	<p>Submit a final, official transcript in English for your undergraduate degree and an unofficial transcript provided through the registrar at your institution listing your graduate program credits (student audit/progress reports, grade sheets and course listings do not qualify).</p> <p>NOTE: With this education evidence, you qualify to apply for the exam. However, the Board will not issue your EIT certificate until you submit final, official graduate degree transcripts. See instructions in section directly above.</p>
Non-EAC-ABET accredited bachelors degree¹	<p>Unless you have a completed NCEES Credentials Evaluation already in your “MyNCEES” record, you must purchase one, or have an official copy of an ECE Subject Analysis Evaluation sent to the Board. Evaluations from other companies will not be accepted by the Board.</p> <p>Read the Education Evaluation Guidelines below for degree requirements, approved evaluation services and other specifics.</p>

¹And no EAC-ABET accredited **graduate** degree. If, however, you hold an EAC-ABET accredited graduate degree, you do not need this form; [register direct with NCEES](#).

Education Evaluation Guidelines

Applicants whose **degree program is not EAC-ABET accredited** must have their degree(s) evaluated. Education must meet the minimum number of engineering science and design credits required in an Engineering Accreditation Commission (EAC-ABET) accredited bachelor degree.

Note: Engineering Technology certificates or degrees accredited by the Engineering Technology Accreditation Commission (ETAC-ABET), under most circumstances, do **not** meet the requirements for engineering science and design credits as required by the Board. NCEES Credentials Evaluations does not typically evaluate engineering technology degrees and requires special approval by the Board to complete the evaluation. If you have an ETAC-ABET accredited degree and wish to have it evaluated, please contact the Board office for instruction.

Notice Regarding Special Accommodations

Information regarding accommodation requests under the **American with Disabilities Act (ADA)** or requests based on **religious beliefs and practices** is posted on NCEES's website, www.ncees.org, under [ADA Accommodations](#).

Note: NCEES may take up to 30 days to process your accommodation request.

A BRIEF SUMMARY OF YOUR RIGHTS UNDER THE AMERICANS WITH DISABILITIES ACT

INTRODUCTION

The Americans with Disabilities Act ("ADA") covers "public entities." The Board is a "public entity" covered by the ADA. The Board may not refuse to allow a person with a disability to take the examination simply because the person has a disability. It must permit persons with disabilities to take the examination in an integrated setting unless separate or different measures are necessary to ensure equal opportunity. It must eliminate unnecessary eligibility standards or rules that deny individuals with disabilities an equal opportunity to take the examination.

WHO IS COVERED?

The ADA provides comprehensive civil rights protection for "qualified individuals with disabilities." An "individual with a disability" is a person who: 1) has a physical or mental impairment that substantially limits a "major life activity," 2) has a record of such an impairment, or 3) is regarded as having such an impairment. "Major life activities" include functions such as caring for oneself, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working. Individuals who currently engage in the illegal use of drugs are not protected by the ADA when an action is taken on the basis of their current illegal use of drugs.

A "qualified" individual with a disability is one who meets the essential eligibility requirements for the examination. The Board is not required to take any action that would result in a fundamental alteration in the nature of the examination or an undue financial and administrative burden. However, the Board must take any other action, if available, that would not result in a fundamental alteration or undue burdens but would ensure that individuals with disabilities receive the benefits or services.

WHAT IS REQUIRED?

The Board is required to make reasonable modifications in any policies, practices, and procedures that deny equal access to individuals with disabilities, unless a fundamental alteration in the examination would result. To do so, it must furnish auxiliary aids and services when necessary to ensure effective communication, unless an undue burden or fundamental alteration would result. The Board may not place special charges on individuals with disabilities to cover the costs of measures necessary to ensure nondiscriminatory treatment, such as making modifications required to provide program accessibility or providing qualified interpreters. Finally, it must operate the examination so that, when viewed in its entirety, it is readily accessible to and usable by individuals with disabilities.

Integration of individuals with disabilities into the mainstream of society is fundamental to the purposes of the ADA. The Board may not provide the examination to individuals with disabilities through programs that are separate or different, unless the separate programs are necessary to ensure that the benefits and services are equally effective. Even when separate programs are permitted, an individual with a disability still has the right to choose to participate in the regular program. The Board cannot require an individual with a disability to accept a special accommodation or benefit if the individual chooses not to accept it.

QUESTIONS?

If you have any questions about the ADA we encourage you to call the United States Department of Justice, which has an ADA information line, at 800-514-0301 (voice) or 833-610-1264 (TTY). These telephone numbers are not toll-free numbers.
