

APPLICATION FOR FUNDAMENTALS OF SURVEYING (FS) EXAM INSTRUCTIONS

IMPORTANT! Do not register with NCEES to take the exam until your application has been approved by the Minnesota State Board.

1. Read the qualifications for admission to the Fundamentals of Surveying Examination ([MN Rule 1800.3505, Subp. 2 and Subp. 4](#)).
2. Complete the FS Application Form (be sure to sign at the [bottom of page 2](#)) and submit the application fee of **\$25.00** to the address above. Make check payable to the **MN Board of AELSLAGID**. Do not send cash.
3. Include all required transcript(s) with your application:
 - **First-Time Applicants:** Submit official transcript(s) of **all** credits from **all** college, universities and/or technical schools attended, including non-degree coursework. The transcript(s) may be mailed directly to the Board office by your college/university or you may send it along with your application **in the original sealed envelope**. Do not open the transcript as it will then no longer be considered “official.”
 - **Previous Applicants:** Submit updated official transcript(s), if applicable (see above for what is considered “official”). If your education has **not** changed since your last application and you applied within the last three years, you do not need to resubmit transcripts.
4. If your application is approved, you will be instructed to register online with the exam administrator, NCEES Exam Administration Services. **It is your responsibility to register with NCEES Exam Administration Services after obtaining Board approval.** Do not register with NCEES **before** receiving approval by the Board or you may forfeit your exam registration fee.
 - **Your approved application is good for three years or one examination attempt—whichever comes first.** If you fail the examination or you do not take the exam within three years of obtaining approval, **you must submit a new application to the Minnesota Board with a new application fee.**
 - The FS is a computer-based exam administered year-round at NCEES-approved test centers. The exams are offered in four “testing windows”: January–March, April–June, July–September, and October–December.
 - You may not retake a failed examination within the same examination window. For example, if you fail the exam in April, you cannot retake it in May. Also, you may not take the examination more than three times in a rolling 12-month period, which begins on the date of your first exam attempt.

A BRIEF SUMMARY OF YOUR RIGHTS UNDER THE AMERICANS WITH DISABILITIES ACT

INTRODUCTION

The Americans with Disabilities Act (“ADA”) covers “public entities.” The Board is a “public entity” covered by the ADA. The Board may not refuse to allow a person with a disability to take the examination simply because the person has a disability. It must permit persons with disabilities to take the examination in an integrated setting unless separate or different measures are necessary to ensure equal opportunity. It must eliminate unnecessary eligibility standards or rules that deny individuals with disabilities an equal opportunity to take the examination.

WHO IS COVERED?

The ADA provides comprehensive civil rights protection for “qualified individuals with disabilities.” An “individual with a disability” is a person who: 1) has a physical or mental impairment that substantially limits a “major life activity,” 2) has a record of such an impairment, or 3) is regarded as having such an impairment. “Major life activities” include functions such as caring for oneself, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working. Individuals who currently engage in the illegal use of drugs are not protected by the ADA when an action is taken on the basis of their current illegal use of drugs.

A “qualified” individual with a disability is one who meets the essential eligibility requirements for the examination. The Board is not required to take any action that would result in a fundamental alteration in the nature of the examination or an undue financial and administrative burden. However, the Board must take any other action, if available, that would not result in a fundamental alteration or undue burdens but would ensure that individuals with disabilities receive the benefits or services.

WHAT IS REQUIRED?

The Board is required to make reasonable modifications in any policies, practices, and procedures that deny equal access to individuals with disabilities, unless a fundamental alteration in the examination would result. To do so, it must furnish auxiliary aids and services when necessary to ensure effective communication, unless an undue burden or fundamental alteration would result. The Board may not place special charges on individuals with disabilities to cover the costs of measures necessary to ensure nondiscriminatory treatment, such as making modifications required to provide program accessibility or providing qualified interpreters. Finally, it must operate

the examination so that, when viewed in its entirety, it is readily accessible to and usable by individuals with disabilities.

Integration of individuals with disabilities into the mainstream of society is fundamental to the purposes of the ADA. The Board may not provide the examination to individuals with disabilities through programs that are separate or different, unless the separate programs are necessary to ensure that the benefits and services are equally effective. Even when separate programs are permitted, an individual with a disability still has the right to choose to participate in the regular program. The Board cannot require an individual with a disability to accept a special accommodation or benefit if the individual chooses not to accept it.

QUESTIONS?

If you have any questions about the ADA we encourage you to call the United States Department of Justice, which has an ADA information line, at (202) 514-0301 (voice) or (202) 514-0381/0383 (TDD). These telephone numbers are not toll-free numbers.

NOTICE OF COLLECTION OF PRIVATE DATA

In accordance with the Minnesota Government Data Practices Act (MN Statute §13.04, Subd. 2), the Board is required to inform you of your rights as they pertain to private data collected from you on this application for licensure. The data you furnish on the application will be used by the Board to assess your qualifications for licensure. The collection of your social security number by the Board is required by both federal and state laws. If you fail to provide this data, the Board may be unable to approve your application or issue your license.

Federal law (42 U.S.C. 666(a)(13)) requires each state to collect social security numbers at the time of application for a professional or occupational license in order to improve effectiveness of child support enforcement.

Additionally, pursuant to Minnesota Statutes §270C.72, subdivision 4 (2018) the Board must provide the Commissioner of the Minnesota Department of Revenue a list of all applicants, including name, address and social security number or Individual Tax Identification Number (ITIN), each calendar year for the purpose of identifying individuals owing delinquent taxes. Pursuant to Minnesota Statutes §13.41, subdivision 2 (2018), all application data, except name and designated address, are private data until licensure is granted. When licensure is granted, all data, except social security number, become public record.

The Board will not share your private data with other persons or agencies unless you authorize its release or it is required by law or court order.
