

Weekly Construction Update

Jan 19 - 23, 2015

Minnesota State Capitol Restoration Project

Architectural Integrity. Building
Functionality. Life Safety.

What's New this Week

Hearing Room Pages to Handle Construction Disturbances

- Each hearing room has a page assigned to monitor noise, dust and other factors that may hinder meetings.
- The page will contact appropriate parties to address and resolve issues.

State Capitols Nationwide Undergoing Renovation

- "One-hundred-year-old wiring." "Cast iron pipes you can stick your finger through." "Exterior stone falling to the ground."
- Sound familiar? Actually, those are quotes about other state capitols. Like our building, they were all were built around the turn of the century and they are all now experiencing the same aging issues.
- Approximately one-third of all state capitols nationwide have undergone or are undergoing renovation.
- State capitols under restoration include:
 - Colorado, Oklahoma, Oregon, Wyoming, Mississippi
- Recently renovated state capitols include:
 - Idaho, Kansas, Nebraska, Utah, Virginia
