

Request for Proposal

Grant Overview

Per 2013 Minnesota Session Laws, Chapter 137, Article 4, Section 2, Subdivision 6, Clause J, the Minnesota Department of Administration requests proposals from historic, small town theatres in Minnesota to purchase and install digital projection technology to allow continued access to films.

Funding Availability

The total amount of funding available for State Fiscal Year 14/15 grants is \$150,000 (\$75,000 the first year, \$75,000 the second year). Funding expires June 30, 2016. Funding will be allocated through a competitive process with review by a committee representing industry specialists with content knowledge statewide. Grantees selected as recipients will be announced February 17, 2014. The effective date of grants will be the date of full execution of the grant agreement. Eligible expenditures can be incurred when the grant contract is fully executed.

Grant recipients will be split into two start date pools based on when projects are set to start. The first pool of grantees (those receiving grants from the first year of the funds) will have grant contracts that start before June 30, 2014 with a contract end date of June 30, 2015. The second pool of grantees (those receiving grants from the second year of the funds) will have grant contracts that start July 1, 2014 with a contract end date of June 30, 2016.

Priorities

Priority is for grants for theaters that have exclusively 35 millimeter projection systems in communities with few available theaters and projects that have a nonstate cash match of at least 65 percent of the total eligible project costs. The 65 percent nonstate cash match should only be for the digital transition (projector equipment, digital audio, etc.) and not be considered in overall renovations like seating, etc.) Priority shall be given to small theaters with only one to possibly two screens.

Applicants must submit the following in order for their application to be considered complete:
