

RFO Number RFO0016
Requesting Entity Name Human Services Department
Request Title Drools Developer for Provider Challenge Project
Request Description Federal provider screening regulations require all health care providers who enroll in federal health care programs, including Medicaid, to undergo a "Risk-Based Provider Screening" process. DHS is developing a new self-service web-based portal for risk-based screening and provider enrollment.
The front-end Provider Enrollment Processor (PEP) system will utilize a dynamic set of business rules (written in Drools) to collect the appropriate information and direct the enrollee to the various areas of the application to be completed based on level of assigned risk for the provider type (limited, moderate, or high) or a variety of other preset parameters such as provider type, license, and practice specialties.
