

RFO Number RFO0117
Requesting Entity Name Human Services Department
Request Title MNsure Project - Procedural Language/Structural Query Language
Request Description MN.IT@DHS is issuing this Request for Offers (RFO) to procure the services of two (2) Procedural Language/Structural Query Language (PL/SQL) Developers-Programmers with experience in large and complex systems development projects.

The PL/SQL Developers will provide technical support to the MN.IT Enrollment System of Record (ESOR) team to develop, modify, and maintain ESOR for MNsure as well as enhance/assure future Open Enrollments are seamless. This includes changes required due to modifications or newly introduced code from adjoining systems such as Cúram, Connecture, EngagePoint product suite and other ESOR work. The PL/SQL Developers must be able to provide diagnostic analysis of the MNsure system as issues are reported. Successful Responders will work with the MN.IT team that will be supporting the ESOR process long term and provide knowledge transfer to those staff.

Contract(s) Awarded
