

## Data Warehouse Designer/Developer Questions and Answers

Do we have an option to do Phone interviews for out-of-town candidates? [Yes we will do phone interviews.](#)

Is there an incumbent vendor to this project? [No](#)

Is this a new requirement for the DOR? [We are looking to continue with a similar output \(targets\) but a totally new source.](#)

Do you have an incumbent who was performing in this capacity earlier? If so, will that incumbent be able to respond to this project? [No, No](#)

Is there a budget cap for this project? [Yes](#)

Has the logical warehouse model been created? [Yes.](#)

Can you describe the anticipated amount of change (e.g. minor changes, major changes, etc.) to the logical warehouse model? [The logical data model for the warehouse has not changed much. Where we get the data is a new source.](#)

Does DOR have any documented standards for creating test plans? Can you describe those standards? [The DOR expectations for testing include unit testing and participation in user testing. We do not enforce a “formal” method for creating test plans, however if unit and user testing are not successful we will implement standards.](#)

What type of training to the Division staff is anticipated (e.g. stand-up class, informal training, etc.)? [If any training needs to be done, it will be on a very informal basis.](#)

Approximately how many Division staff will need to be trained? [If any, just a few, and mostly through a bi-weekly standing meeting.](#)

Please confirm whether selected vendor will be paid on an hourly basis for services provided under this contract, based on MnDOT approved contractor time sheet, or if selected vendor will be paid based on completed/signed-off deliverables. [Hourly basis](#)

What is the anticipated daily work schedule for selected vendor resource (8:00 AM to 5:00 PM, Monday thru Friday)? [Eight hours per day, Monday through Friday, start time is flexible.](#)

Does MnDOT anticipate that selected resource will be expected to perform any off-hours or weekend work under the scope of this SOW? [DOR is not planning any off-hour or weekend work. However, if a situation arises we would appreciate the vendor’s assistance and hours would be adjusted accordingly.](#)

Please confirm that MnDOT will provide selected resource with work space, and all necessary hardware/software and laptop/desktop computer to perform the responsibilities outlined in this SOW. [Yes, a workspace, computer, phone and necessary hardware/software will be provided by DOR.](#)

Please confirm that the acronym IDQ listed in the desired skills section of the SOW stands for Informatica Data Quality. [Yes, Informatica Data Quality.](#)

If no, please advise what the acronym IDQ stands for in the context of this SOW.
