- Feb 2015

- Comment Period #2 (Feedback on Draft CHP Action Plan)

- Feb 2015

- Final CHP Action Plan Posted

- Mar 2015

- Continued Stakeholder Engagement and Dissemination of Results

- Apr - Dec 2015

CHP “Action Plan”

- **DOE Grant Requirements:** Develop an Action Plan for policy makers, regulatory agencies, utilities, trade allies, and industrial organizations to increase implementation of CHP in Minnesota.
- **Goals:** The Action Plan should incorporate clear and achievable goals with explicit strategies and tactics based on the findings of the CHP stakeholder engagement process and Commerce’s recent CHP studies.
- **Development:** Stakeholders will be able to provide input via the post-engagement stakeholder survey (Dec 2014) and during a second comment period (Feb 2015).

Thank you!
