Policies & Procedures

New Tool: *Entering Delivery Information in eHEAT*

Commerce has developed a document that explains how delivered fuel energy vendors enter post-delivery information into eHEAT for Crisis events. This tool is attached to this email and will be added to the EAP Tools Summary page in the future. It will eventually also be available as the 'Help' information on the vendor 'Crisis Search' and 'Crisis Delivery Information' screens in eHEAT.

Reporting on FFY15 Assurance 16 activities

Service Providers must complete and submit their FFY15 Responsive Energy Self-Sufficiency and Outreach Reports (Appendix 9C) by the end of the day October 15, 2015. Any Service Providers with an approved Proactive Energy Self-Sufficiency plan must also submit a completed Proactive Energy Self-Sufficiency Report (Appendix 9B) by October 15, 2015. The reports are available on the Commerce website.
