## Policies & Procedures

### eHEAT Enhancements Deployed

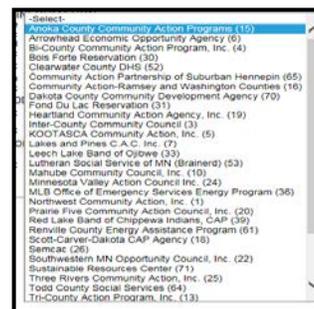

Two enhancements requested by Service Providers were deployed this week in eHEAT.

#### 'Maintain Consumption' button added to 'Housing & Heat' screen;

A button has been added to the top of the 'Housing & Heat' screen. The button opens the 'Maintain Consumption' screen and when the 'Quit' button is clicked, the user returns to 'Housing & Heat' screen.

**Service Provider pick list edited**  
Past Service Providers were removed from the Service Provider pick list on all screens in eHEAT. The outdated list had resulted in a few errors, such as applications transferred to non-active Service Providers.
