Dear Governor Dayton, Senators and Representatives:

The 2015 Minnesota Legislature established the Task Force on No-Fault Auto Insurance Issues, and directed the Task Force to review and evaluate the following issues: (1) no-fault arbitration process; (2) independent medical exam process; and (3) treatment standards and feeschedules.

The Task Force deliberated for six months, reviewed information from Minnesota, other states, and various experts, and presents the attached report in accordance with the legislative directive. The report completes the work of the Task Force to date and presents its recommendations.

Assistant Commissioner Marty Fleischacker chaired and led the Task Force. He, along with other members, would be pleased to discuss the work of the task force in any setting or forum you feel appropriate.

Sincerely,

Mike Rothman  
*Commerce Commissioner*
