APPLICATION SUBMITTAL CHECKLIST

In compiling your application for reimbursement from the Petrofund, your submittal must include the following documents. Please note that failure to include all of these documents in your submittal will result in delays in receiving your reimbursement.

- A complete Petrofund application form. The certification page must include the applicant's notarized signature and the consultant's signature whenever consultant costs are being requested for reimbursement. The certification page must include original signatures and cannot be a photocopy.
- All applicable attachments, as listed in Section VIII of the application.
- Copies of all letterhead invoices billed to the applicant by consultants and contractors that include costs being requested for reimbursement as part of this application. In cases where these services were subcontracted, the subcontractor invoices must also be provided.

Please note that costs must be submitted for reimbursement within seven years after the work being requested for reimbursement was performed.

- Copies of all Petrofund cost allocation forms associated with the consultant and contractor services being requested for reimbursement.
- Copies of all consultant proposals and contractor bids required by the Petrofund rules and associated with the consultant and contractor services being requested for reimbursement.
- A site map showing the locations of significant features on the leakesite property, including, but not limited to, the following: structures; soil borings; monitoring wells; former and existing underground and aboveground petroleum storage tanks, dispensers and lines; and areas where contaminated soil was excavated.
- If not submitted as part of a previous application for reimbursement, a completed federal tax *Form W-9 Request for Taxpayer Identification Number and Certification*. Please note that the name on this form must match the name of the applicant in Section I of the application.
- If applicable, all Multiparty Check Request forms, as listed in Section III of the application.

Railroad Right-of-Way Bulk Plant attachment

The 2001 Minnesota Legislature added a provision [Minn. Stat. §115C.09, subd. 3h (c)] that allows a higher reimbursement rate for a portion of the costs associated with corrective action at a bulk plant located on what is or was railroad right-of-way. This form will help you to determine whether you are eligible for the higher rate. Please read each question and check "Yes" or "No."

Are the costs for which you are requesting reimbursement associated with corrective action at a bulk plant located on what is or was railroad right-of-way?	<input type="checkbox"/> Yes <input type="checkbox"/> No
Was more than one bulk plant operated on the same section of right-of-way?	<input type="checkbox"/> Yes <input type="checkbox"/> No

To apply for reimbursement of 90% of the total reimbursable costs on the first \$40,000 of reimbursable costs and 100% of any remaining reimbursable costs, you must have responded "Yes" to both questions above. In addition, you should submit the following documents with your application:

- This form;
- A copy of your lease agreement with the railroad; and
- A site map that shows the applicable section of right-of-way and the locations of all bulk plants that are or were located on the same section of right-of-way.

Do not submit this form with your application if it does not apply.

Tank in Transport Release Attachment

Minn. Statute §115C allows for reimbursement of up to \$100,000 for costs associated with a release from a tank in transport. This form will help you to document your eligibility to receive this reimbursement.

TANK INFORMATION

Enter the requested information for each tank in transport involved in the release.
