Thank you for agreeing to be a member of the Hiawatha Transmission Line Advisory Task Force (ATF). I appreciate your participation on the Task Force and look forward to receiving your input on the project.

The ATF will meet three times, Wednesday, June 24, 2009, Wednesday, July 15, 2009, and Wednesday, August 5, 2009. The meetings will be held in the Midtown Globe Market from 6:00 pm to 9:30 pm. The ATF will, through a facilitated process, discuss and make recommendations to the Director of the Office of Energy Security (OES) in accordance with its charge. Your facilitator for this process will be Mr. Charlie Petersen, Minnesota Management, Analysis and Development.

I am attaching the Notice of the Advisory Task Force Formation and agenda for the Wednesday, June 24, 2009, meeting. At that meeting you will be provided with a copy of the application materials, draft scoping document, an overview of the process and the ATF's charge. Members of the ATF will discuss the agenda for the remaining two meetings during the first meeting.

If you would like to begin reviewing materials prior to that meeting you will be able to find all of the application documents on our project docket webpage at:
