In the Matter of the Applications for a Route Permit and Certificate of Need for the SWTC Chaska Area 115 kV Transmission Line Project

PUC Docket Numbers: E002/TL-12-401 and E002/CN-11-826

PLEASE TAKE NOTICE that the Minnesota Department of Commerce, Energy Facility Permitting (EFP) announces the release of the environmental assessment (EA) for the proposed SWTC Chaska Area 115 kV transmission line project.

Electronic versions of the EA, the scoping decision, route permit application and other documents relevant to this matter are available on the Minnesota Department of Commerce's website: <http://energyfacilities.puc.state.mn.us/Docket.html?Id=32771>, and on the Department of Commerce eDockets website: <https://www.edockets.state.mn.us/EFiling/search.jsp> (enter the Docket Number Year "12" and Number "401").

The Environmental Assessment is a written document that describes the human and environmental impacts of the transmission line project (and selected alternative routes) and methods to mitigate such impacts. Applications for high voltage transmission line route permits under the alternative permitting process require a public hearing upon completion of the EA pursuant to Minn. R. 7850.3800. A portion of the hearing must be held in a county where the proposed project would be located.

The public hearing will be noticed separately and in accordance with Minnesota Statutes, section 216E.03, subdivision 6.
