

**Minnesota to Iowa 345 kV Transmission Line Project
Advisory Task Force
Summer 2013**

Task Force Charge:

1. The ATF members will assist in identifying specific impacts and issues of local concern that should be analyzed in the EIS that will be prepared for the proposed project;
2. ATF members will assist in determining potential route and site alternatives that should be analyzed in the EIS.

Plan of Action

Meeting 1 – June 21, 2013: Review project and process; identify issues and impacts to be considered in EIS (Charge 1)

Meeting 2 – July 9, 2013: Discuss issues and impacts (Charge 1), review the two proposed routes and begin discussing alternative routes and route segments based on identified criteria (Charge 2)

Meeting 3 – July 23, 2013: Discuss alternative routes and/or route segments (Charge 2), wrap-up
