Subject: PUC Docket # E-015/TL-14-21
Date: Tuesday, July 22, 2014 10:32:29 AM

In the matter of the application of Minnesota Power for a Route Permit for the Great Northern Transmission Line - PUC Docket #E-015/TL-14-21.

I am opposed to segment option C2 for the new power line route. William Gray owns a private air field near the proposed power line. I have landed my plane at this field many times and a power line of the the proposed height, with proximity of less than 1/4 mile located in the normal traffic pattern to land would be very hazardous.

Please consider the alternate route options. Segment C2 will be a hazard to aviation in Northern Minnesota.
