**VIA ELECTRONIC AND U.S. MAIL**

Burl W. Haar, Executive Secretary  
Minnesota Public Utilities Commission  
121 7th Place East, Suite 350  
St. Paul, MN 55101

**RE: Notice of Election to Seek Local Review of Proposed Transmission Lines and Substations**

Dear Dr. Haar:

Pursuant to Minn. Stat. § 216E.05, subd. 3 and Minn. R. 7850.5300, subp.3, Pleasant Valley Wind, LLC (“Pleasant Valley”) hereby notifies the Minnesota Public Utilities Commission of its election to seek local approval of transmission line routes and substations associated with the proposed Pleasant Valley Project, a 300 MW large wind energy conversion system pending before the Commission in Docket No. IP-6828/WS-09-1197. Consistent with Minn. R. 7850.5300, subp. 3, Pleasant Valley will provide this notice of its election to seek local approval to the general notification list maintained by the Minnesota Office of Energy Security.

Pleasant Valley submitted to Mower County on April 1, 2010 applications for Conditional Use Permits for two 138 kV transmission line routes (6.4 miles and 7 miles in length, respectively), one 345 kV transmission line route of less than 1500 feet in length, two 34.5/138 kV substations, and one 138/345 kV substation. The facilities are part of the Pleasant Valley Project and will facilitate the delivery of the Project’s output to the point of interconnection at the Xcel Energy’s 345 kV bus located within Great River Energy’s (“GRE”) Pleasant Valley Substation in Pleasant Valley Township of Mower County.

As indicated in the Attached “MAP 4 - Pleasant Valley Wind LLC - INTERCONNECTION & TRANSMISSION,” the 6.4 mile overhead 138 kV transmission line will extend from the north 34.5/138 kV substation and the 7.0 mile overhead 138 kV transmission line will extend from the 34.5/138 kV south substation. A short 345 kV transmission line of less than 1500 feet will also be constructed from the third proposed substation just to southwest of the GRE Pleasant Valley Substation.

Mower County has been notified that it has 60 days to refer the permitting process to the Commission. Ms. Angela Knish of Mower County can be contacted at (507) 437-9560 for further information regarding the Pleasant Valley Project and the local permitting process. Additionally, please feel free to contact me directly with any questions or concerns.

RES America Developments Inc.
