

5.0 Regulatory Permits and Approvals Required

Government Unit	Type of Approval	Status
U.S. Fish and Wildlife Service (USFWS)	Record review for federally threatened or endangered species	Reviewed USFWS Redwood County list that includes the prairie bush clover, a federally listed vascular plant as the only species potentially occurring. According to the DNR NHIS database, this species has not been documented within one mile of the proposed Project and its preferred habitat of native prairie is not present along the proposed route.
U.S. Army Corps of Engineers (USACE)	Navigable waters and wetlands review	No navigable waters are present within the project area.
Minnesota Department of Natural Resources (DNR)	Threatened and endangered species review	Letter was sent to the DNR on 01/06/2011 requesting concurrence of no impacts on threatened and endangered species. Lisa Joyal from the DNR responded saying <i>"I concur with your assessment that the project will not adversely affect any known occurrences of rare features."</i>
Minnesota State Historic Preservation Office (SHPO)	Cultural resources review	Cultural resources data within one mile of the proposed Project was received from SHPO on 1/7/2011. No properties were listed on the NRHP.
Minnesota Pollution Control Agency (PCA)	NPDES permit, SWPPP and storm water permit required for disturbance of ≥ 1 acre	A SWPPP will be prepared prior to project construction
Minnesota Department of Transportation (DOT)	State highway crossing permit – project crosses Highways 19 and 67	Permit will be obtained from DOT prior to construction.
DOT	Utility accommodation permit – proposed route in DOT right-of-way along Highway 19	Permit will be obtained from DOT prior to construction.
DOT	Driveway permits – Minnesota Rule 8810.440	Permits will be obtained from DOT prior to construction.
DOT	Work within a ROW (short form permit TP-1723)	Permit will be obtained from DOT prior to construction.
DOT	Aviation Clearance from the Office of Aeronautics	Permit will be obtained from DOT prior to construction.
DOT	Oversize and Overweight permit	Permit will be obtained from DOT prior to construction.
DNR Lands and Minerals	License to cross Public Waters since proposed Project crosses Redwood Lake/River and Crow	Permit will be obtained from DNR prior to construction.

Government Unit	Type of Approval	Status
	River (County Ditch Number 52).	
FAA	Form 7460-1 Notice of Proposed Construction or Alteration	Form 7460-1 will be completed and submitted to the FAA prior to construction.
Redwood County	CUP required	CUP will be obtained from Redwood County prior to construction.
Redwood County	Utility accommodation permit required since portion of proposed Project located within and crosses county right-of-way	Permit will be obtained from Redwood County prior to construction.
Redwood County	Redwood Falls Municipal Airport impact review	SMMPA will coordinate with Redwood County regarding construction of structures within Safety Zone C.
City of Redwood Falls	Redwood Falls Municipal Airport impact review	SMMPA will coordinate with the City of Redwood Falls regarding construction of structures within Safety Zone C.
