

**RESOLUTION  
ADOPTING PROPOSED AMENDMENTS  
TO POWER PLANT SITING RULES  
IN CHAPTER 4400  
AS INTERIM GUIDANCE**

BE IT RESOLVED, that the Environmental Quality Board hereby approves the proposed amendments to the Power Plant Siting Rules in Minnesota Rules chapter 4400 as interim guidance for the administration of the permitting program for large electric power generating plants and high voltage transmission lines until such time as the EQB can adopt final amendments, and further resolves that the resolution of October 18, 2001, adopting an earlier version of draft amendments as interim guidance is hereby rescinded.
