
MINNESOTA YOUTH SUCCESS STORY: NICHOLAS

WSA 06 – Southwest Minnesota Private Industry Council

Nicholas (Nic) is an 18 year old from Luverne, Minnesota. Nic was eligible to participate in the Southwest Minnesota Private Industry Council's Youth Program by being on a current Individual Employment Plan (IEP) through the High School. Nic was on a paid work experience at a local food establishment from September 2011 through May 2012, having the primary responsibilities of bussing tables, prepping vegetables and cleaning. Nic had very little involvement in school or the community prior to participating in the program. In one school year, Nic has made major strides towards independence by joining the cross country team (first year) and making it to State as an alternate. He has also gained skills through unsubsidized employment at his work experience site. Nic is on track to graduate from high school in May of 2013.
