
MINNESOTA YOUTH SUCCESS STORY: ANA

WSA 7 – South Central Minnesota Private Industry Council/Minnesota Valley Action Council (MVAC)

ANA

Ana recently completed her work experience at a social service agency. She received excellent mentoring and encouragement from her worksite supervisor, learned new job and work readiness skills, and has been hired at the worksite as a temporary employee. Ana is beginning her post-secondary education soon, and the agency has indicated that it will consider working around her class schedule in order to continue her temporary employment.
