1, Census 2010, unless noted otherwise

2, Census 2015, annual average growth rate since 2005

3, Median values for certain aggregate regions (such as MSAs) may be estimated as the weighted averages of the median values from the composing counties.

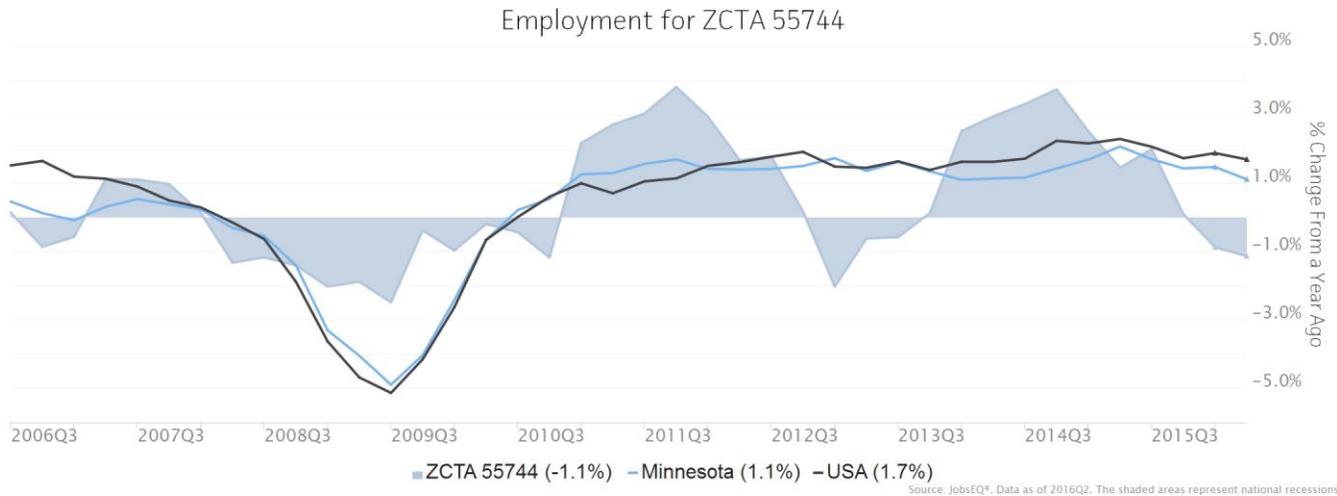

4, ACS 2010-2014

5, 2014; Current Population Survey, unionstats.com, and Chmura; county- and zip-level data are best estimates based upon industry-, MSA-, and state-level data

6, Disconnected Youth are 16-19 year olds who are (1) not in school, (2) not high school graduates, and (3) either unemployed or not in the labor force.

Employment Trends

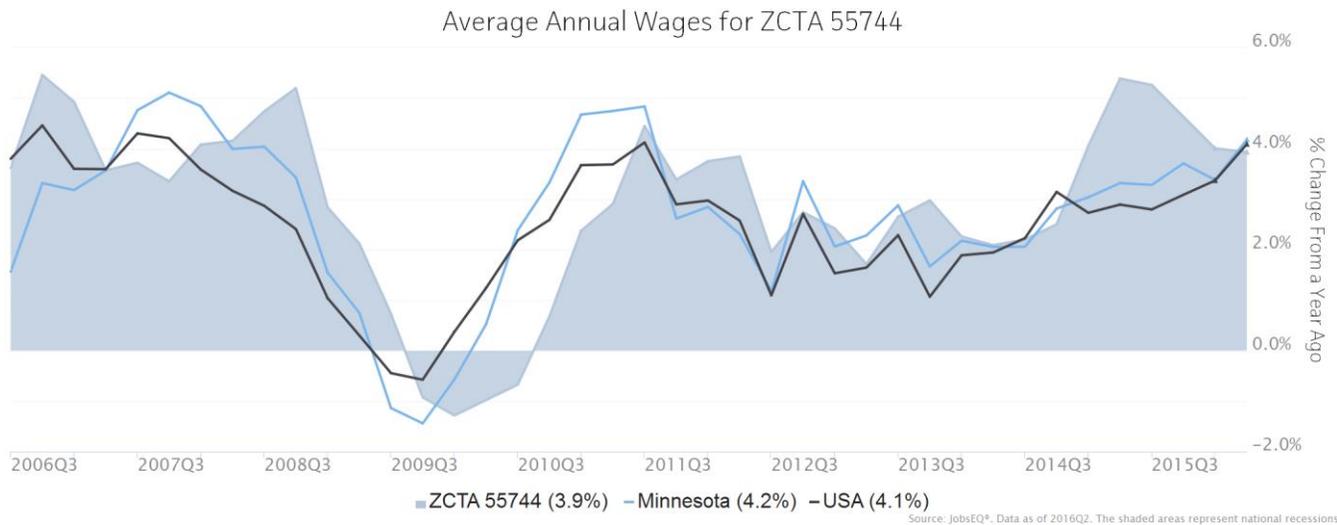

As of 2016Q2, total employment for ZCTA 55744 was 12,077 (based on a four-quarter moving average). Over the year ending 2016Q2, employment declined 1.1% in the region.

Employment data are derived from the Quarterly Census of Employment and Wages, provided by the Bureau of Labor Statistics and imputed where necessary. Data are updated through 2015Q4 with preliminary estimates updated to 2016Q2.

Wage Trends

The average worker in ZCTA 55744 earned annual wages of \$40,112 as of 2016Q2. Average annual wages per worker increased 3.9% in the region during the preceding four quarters. For comparison purposes, annual average wages were \$53,084 in the nation as of 2016Q2.

Annual average wages per worker data are derived from the Quarterly Census of Employment and Wages, provided by the Bureau of Labor Statistics and imputed where necessary. Data are updated through 2015Q4 with preliminary estimates updated to 2016Q2.

Cost of Living Index

The Cost of Living Index estimates the relative price levels for consumer goods and services. When applied to wages and salaries, the result is a measure of relative purchasing power. The cost of living is 2.6% lower in ZCTA 55744 than the U.S. average.

Cost of Living Information			
	Annual Average Salary	Cost of Living Index (Base US)	US Purchasing Power
ZCTA 55744	\$41,154	97.4	\$42,266
Minnesota	\$54,713	103.5	\$52,864
USA	\$54,152	100.0	\$54,152

Data as of 2016Q2

The Cost of Living Index is developed by Chmura Economics & Analytics and is updated quarterly.

Industry Snapshot

The largest sector in ZCTA 55744 is Health Care and Social Assistance, employing 2,635 workers. The next-largest sectors in the region are Retail Trade (1,736 workers) and Accommodation and Food Services (1,101). High location quotients (LQs) indicate sectors in which a region has high concentrations of employment compared to the national average. The sectors with the largest LQs in the region are Mining, Quarrying, and Oil and Gas Extraction (LQ = 3.67), Public Administration (1.60), and Utilities (1.59).

Total Workers for ZCTA 55744 by Industry

Source: JobsEQ®, Data as of 2016Q2

Employment data are derived from the Quarterly Census of Employment and Wages, provided by the Bureau of Labor Statistics and imputed where necessary. Data are updated through 2015Q4 with preliminary estimates updated to 2016Q2.

Sectors in ZCTA 55744 with the highest average wages per worker are Utilities (\$99,813), Management of Companies and Enterprises (\$68,177), and Mining, Quarrying, and Oil and Gas Extraction (\$67,970). Regional sectors with the best job growth (or most moderate job losses) over the last 5 years are Health Care and Social Assistance (+365 jobs), Construction (+166), and Mining, Quarrying, and Oil and Gas Extraction (+137).

Over the next 10 years, employment in ZCTA 55744 is projected to expand by 65 jobs. The fastest growing sector in the region is expected to be Health Care and Social Assistance with a +1.3% year-over-year rate of growth. The strongest forecast by number of jobs over this period is expected for Health Care and Social Assistance (+377 jobs), Construction (+79), and Educational Services (+29).

Employment data are derived from the Quarterly Census of Employment and Wages, provided by the Bureau of Labor Statistics and imputed where necessary. Data are updated through 2015Q4 with preliminary estimates updated to 2016Q2. Forecast employment growth uses national projections adapted for regional growth patterns.

Occupation Snapshot

The largest major occupation group in ZCTA 55744 is Office and Administrative Support Occupations, employing 1,599 workers. The next-largest occupation groups in the region are Sales and Related Occupations (1,321 workers) and Food Preparation and Serving Related Occupations (1,022). High location quotients (LQs) indicate occupation groups in which a region has high concentrations of employment compared to the national average. The major groups with the largest LQs in the region are Community and Social Service Occupations (LQ = 1.97), Healthcare Support Occupations (1.49), and Construction and Extraction Occupations (1.35).

Occupation groups in ZCTA 55744 with the highest average wages per worker are Management Occupations (\$79,200), Architecture and Engineering Occupations (\$78,100), and Healthcare Practitioners and Technical Occupations (\$73,500). The unemployment rate in the region varied among the major groups from 1.4% among Legal Occupations to 13.8% among Food Preparation and Serving Related Occupations.

Over the next 10 years, the fastest growing occupation group in ZCTA 55744 is expected to be Healthcare Support Occupations with a +1.7% year-over-year rate of growth. The strongest forecast by number of jobs over this period is expected for Healthcare Support Occupations (+99 jobs) and Personal Care and Service Occupations (+72). Over the same period, the highest replacement demand (occupation demand due to retirements and workers moving from one occupation to another) is expected in Sales and Related Occupations (449 jobs) and Food Preparation and Serving Related Occupations (391).

Data as of 2016Q2 unless noted otherwise

Note: Figures may not sum due to rounding.

1. Occupation wages are as of 2015 and should be taken as the average for all Covered Employment

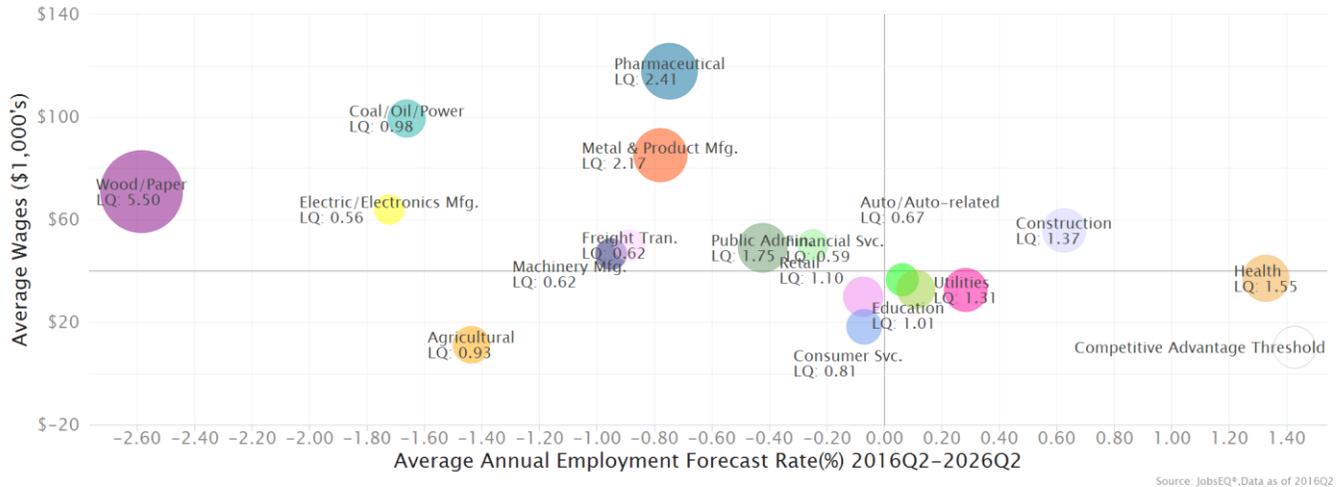

2. Data represent found online ads active within the last thirty days in any zip code intersecting or within the selected region; data represents a sampling rather than the complete universe of postings; the listing search uses keywords that are similar to but not the equivalent of the SOC occupation definitions.

Occupation employment data are estimated via industry employment data and the estimated industry/occupation mix. Industry employment data are derived from the Quarterly Census of Employment and Wages, provided by the Bureau of Labor Statistics and currently updated through 2015Q4, imputed where necessary with preliminary estimates updated to 2016Q2. Wages by occupation are as of 2015 provided by the BLS and imputed where necessary. Forecast employment growth uses national projections from the Bureau of Labor Statistics adapted for regional growth patterns.

Industry Clusters

A cluster is a geographic concentration of interrelated industries or occupations. The industry cluster in ZCTA 55744 with the highest relative concentration is Wood/Paper with a location quotient of 5.50. This cluster employs 552 workers in the region with an average wage of \$70,952. Employment in the Wood/Paper cluster is projected to contract in the region about 2.6% per year over the next ten years.

Industry Clusters for ZCTA 55744 as of 2016Q2

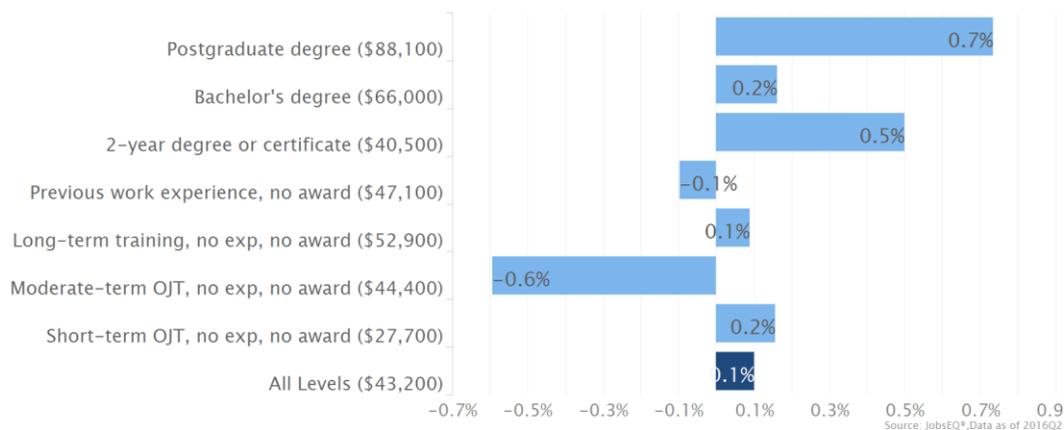

Source: JobsEQ®, Data as of 2016Q2

Location quotient and average wage data are derived from the Quarterly Census of Employment and Wages, provided by the Bureau of Labor Statistics, imputed where necessary, and updated through 2015Q4 with preliminary estimates updated to 2016Q2. Forecast employment growth uses national projections from the Bureau of Labor Statistics adapted for regional growth patterns.

Education Levels

Expected growth rates for occupations vary by the education and training required. While all employment in ZCTA 55744 is projected to grow 0.1% over the next ten years, occupations typically requiring a postgraduate degree are expected to grow 0.7% per year, those requiring a bachelor's degree are forecast to grow 0.2% per year, and occupations typically needing a 2-year degree or certificate are expected to grow 0.5% per year.

Annual Average Projected Job Growth by Training Required for ZCTA 55744

Source: JobsEQ®, Data as of 2016Q2

Employment by occupation data are estimates as of 2016Q2. Education levels of occupations are based on BLS assignments. Forecast employment growth uses national projections from the Bureau of Labor Statistics adapted for regional growth patterns.

FAQ

What is a location quotient?

A location quotient (LQ) is a measurement of concentration in comparison to the nation. An LQ of 1.00 indicates a region has the same concentration of an industry (or occupation) as the nation. An LQ of 2.00 would mean the region has twice the expected employment compared to the nation and an LQ of 0.50 would mean the region has half the expected employment in comparison to the nation.

What is replacement demand?

Replacement demand is the number of jobs required due to replacements—retirements and turnover resulting from workers moving from one occupation into another. Note that replacement demand does not include all turnover—it does not include when workers stay in the same occupation but switch employers. The replacement demand shown in this report may also be understated; thus, it can be taken to be a minimum measure of the number of workers who will need to be trained for the occupation due to replacements. The total projected demand for an occupation is the sum of the replacement demand and the growth demand (which is the increase or decrease of jobs in an occupation expected due to expansion or contraction of the overall number of jobs in that occupation).

What is a cluster?

A cluster is a geographic concentration of interrelated industries or occupations. If a regional cluster has a location quotient of 1.25 or greater, the region is considered to possess a *competitive advantage* in that cluster.

What is the difference between industry wages and occupation wages?

Industry wages and occupation wages are estimated via separate data sets, often the time periods being reported do not align, and wages are defined slightly differently in the two systems (for example, certain bonuses are included in the industry wages but not the occupation wages). It is therefore common that estimates of the average industry wages and average occupation wages in a region do not match exactly.

What is NAICS?

The North American Industry Classification System (NAICS) is used to classify business establishments according to the type of economic activity. The NAICS Code comprises six levels, from the “all industry” level to the 6-digit level. The first two digits define the top level category, known as the “sector,” which is the level examined in this report.

What is SOC?

The Standard Occupational Classification system (SOC) is used to classify workers into occupational categories. All workers are classified into one of over 820 occupations according to their occupational definition. To facilitate classification, occupations are combined to form 23 major groups, 96 minor groups, and 449 occupation groups. Each occupation group includes detailed occupations requiring similar job duties, skills, education, or experience.
