In the Matter of **Loretel Systems Telephone Company's** Request for Approval of Certified Actual Costs Associated with the **Norman County** 911 Emergency Telephone Services System

ISSUE DATE: May 19, 1995

DOCKET NO. **P-420/ES-95-314**

ORDER APPROVING CERTIFIED 911 SYSTEM COSTS

PROCEDURAL HISTORY

On June 2, 1981, the Minnesota Public Utilities Commission (the Commission) approved Norman County's final plan for the establishment of a 911 Emergency Telephone Services System.

On September 15, 1984, Loretel Systems Telephone Company (the Company) placed a portion of a 911 Emergency Telephone System into service in Norman County.

On February 1, 1988, the Company added Automatic Number Identification (ANI) in the Ada, Perley, Halstad and Shelly Exchanges in Norman County.

On February 1, 1994, the Company modified their 911 service to include ANI and Local Location Identification (LLI) in the Ada, Perley, Halstad and Shelly Exchanges in Norman County.

On July 26, 1994, the Company certified the actual costs it incurred for the provision of 911 Emergency Telephone Service in Norman County.

Loretel Systems is now requesting Commission approval of actual 911 system costs. Commission approval is necessary before the Department of Administration (DOA) will make payments for 911 system costs.

FINDINGS AND CONCLUSIONS

Minn. Stat. Section 403.11, subd. 3 states:

Subd. 3 (METHOD OF PAYMENT; CERTIFICATION.) A public utility

incurring reimbursable costs under subdivision 1 or 2 shall certify those costs to the commissioner of administration. The certification shall be in a form as prescribed by the commissioner after consultation with the public utilities commission. If the commissioner and the commission approve the certified costs as appropriate and accurate, the commissioner shall pay the certified costs from money appropriated for that purpose within 90 days following receipt by the commissioner of the certified costs. The commissioner of administration shall estimate the amount required to reimburse public utilities for the state's obligations under subdivisions 1 and 2 of this section and the governor shall include the estimated amount in the biennial budget request.

Loretel Systems has certified, in writing, that the elements of 911 services and associated costs indicated on Attachment A reflect only charges for services actually rendered in the direct provision of 911 service in Norman County.

All other charges listed on Attachment A are in accordance with the Company's tariffs.

The Commission finds that the costs for 911 Emergency Telephone Service in Norman County which have been certified by the Company are appropriate and accurate.
