ORDER APPROVING CERTIFIED 911
SYSTEM COSTS

PROCEDURAL HISTORY

On August 25, 1981, the Minnesota Public Utilities Commission (the Commission) approved Lincoln County's final plan for the establishment of a 911 Emergency Telephone Services System.

On January 31, 1983, US West Communications (the Company) placed a portion of a 911 Emergency Telephone System into service in Lincoln County.

On May 17, 1983, the Commission approved the Company's initial cost certification for the establishment of 911 Emergency Telephone Service in Lincoln County.

On November 7, 1996, the Company installed an additional 911 trunk in the Arco exchange in Lincoln County.

On November 7, 1996, the Company certified the additional actual costs it incurred for the provision of 911 Emergency Telephone Service in Lincoln County.

US West Communications is now requesting Commission approval of additional actual 911 system costs. Commission approval is necessary before the Department of Administration (DOA) will make payments for 911 system costs.

FINDINGS AND CONCLUSIONS

Minn. Stat. Section 403.11, subd. 3 states:

Subd. 3 (METHOD OF PAYMENT; CERTIFICATION.) A public utility incurring reimbursable costs under subdivision 1 or 2 shall certify those costs to the commissioner of administration. The certification shall be in a form as prescribed by the commissioner after consultation with the public utilities commission. If the

commissioner and the commission approve the certified costs as appropriate and accurate, the commissioner shall pay the certified costs from money appropriated for that purpose within 90 days following receipt by the commissioner of the certified costs. The commissioner of administration shall estimate the amount required to reimburse public utilities for the state's obligations under subdivisions 1 and 2 of this section and the governor shall include the estimated amount in the biennial budget request.

US West Communications has certified, in writing, that the elements of 911 services and associated costs indicated on Attachment A reflect only charges for services actually rendered in the direct provision of 911 service in Lincoln County.

All charges listed on Attachment A are in accordance with the Company's tariffs.

The Commission finds that the costs for 911 Emergency Telephone Service in Lincoln County which have been certified by the Company are appropriate and accurate.
