In the Matter of **Melrose Telephone Company**
Request for Approval of Certified Actual Costs
Associated with the **Meeker County** 911
Emergency Telephone Services System

ISSUE DATE: August 7, 1997

DOCKET NO. **P-415/ES-97-450**

ORDER APPROVING CERTIFIED 911
SYSTEM COSTS

PROCEDURAL HISTORY

On August 25, 1981, the Minnesota Public Utilities Commission (the Commission) approved Meeker County's final plan for the establishment of a 911 Emergency Telephone Services System.

On September 1, 1987, Melrose Telephone Company (the Company) placed a portion of a 911 Emergency Telephone System into service in the Eden Valley exchange in Meeker County. On October 1, 1987, the Company placed a portion of a 911 Emergency Telephone System into service in the Watkins exchange in Meeker County.

On November 1, 1994, the Company added two trunks and Automatic Number Identification (ANI).

On November 16, 1995, the Company certified the actual costs it incurred for the provision of 911 Emergency Telephone Service in Meeker County. The Company did not include the actual costs of the two additional trunks and ANI in their certification.

On November 13, 1996, the Commission approved actual 911 system costs, excluding the two trunks and ANI added on November 1, 1994.

On February 20, 1997, the Company recertified their actual costs incurred for the provision of 911 Emergency Telephone Service in Meeker County to include the costs of two additional trunks including ANI and ALI.

Melrose Telephone Company is now requesting Commission approval of revised 911 charges due to Meeker County's expansion from two trunks to four trunks and the addition of Automatic Number Identification (ANI) and Automatic Location Identification (ALI). Commission approval is necessary before the Department of Administration (DOA) will make payments for 911 system costs.

FINDINGS AND CONCLUSIONS

Minn. Stat. Section 403.11, subd. 3 states:

Subd. 3 (METHOD OF PAYMENT; CERTIFICATION.) A public utility incurring reimbursable costs under subdivision 1 or 2 shall certify those costs to the commissioner of administration. The certification shall be in a form as prescribed by the commissioner after consultation with the public utilities commission. If the commissioner and the commission approve the certified costs as appropriate and accurate, the commissioner shall pay the certified costs from money appropriated for that purpose within 90 days following receipt by the commissioner of the certified costs. The commissioner of administration shall estimate the amount required to reimburse public utilities for the state's obligations under subdivisions 1 and 2 of this section and the governor shall include the estimated amount in the biennial budget request.

Melrose Telephone has certified, in writing, that the elements of 911 services and associated costs indicated on Attachment A reflect only charges for services actually rendered in the direct provision of 911 service in Meeker County.

All charges listed on Attachment A are in accordance with the Company's tariffs.

The Commission finds that the costs for 911 Emergency Telephone Service in Meeker County which have been certified by the Company are appropriate and accurate.

ORDER

1. The costs identified on Attachment A accompanying this Order are approved as appropriate and accurate.
2. This Order does not approve payment of any 911 system costs. Any possible future approval of payment for system costs shall be granted by the Commissioner of the Department of Administration in accordance with the provisions of Minn. Stat. Section 403.11.
3. This Order shall become effective immediately.
