DOCKET NO. P-407, 5225/M-98-564

In the Matter of a Request by Contel of Minnesota, Inc., d/b/a GTE Minnesota for Approval of Its Interconnection Agreement

The above entitled matter has been considered by the Commission and the following disposition made:

Approved

The Commission agrees with and adopts the recommendations of the Department of Public Service which are attached and hereby incorporated in the Order, with the exception that the Commission will not direct that the resale restrictions of Article VI, Section 2.2. must not be applied pending the final determination of the GTE/AT&T interconnection agreement which was approved by the Commission in Docket No. P-442, 407/M-96-939. Such a directive from the Commission would unnecessarily duplicate a requirement of the parties' interconnection agreement. As stated by GTE, the interconnection agreement renders inapplicable the restrictions on resale described in Article VI, Section 2.2 pending the final determination of the GTE/AT&T Agreement. .
