In the Matter of **Garden Valley Telephone Company's** Request for Approval of Certified Actual Costs Associated with the **Roseau County** 911 Emergency Telephone Services System

ISSUE DATE: August 18, 2000

DOCKET NO. **P409/ES-99-1820**

ORDER APPROVING CERTIFIED 911 SYSTEM COSTS

**BACKGROUND**

On November 5, 1986, the Minnesota Public Utilities Commission (the Commission) approved Roseau County's final plan for the establishment of a 911 Emergency Telephone Services System.

On October 28, 1987, the Commission approved the actual costs U S West Communications (formerly known as Northwestern Bell) incurred for placing a portion of a 911 Emergency Telephone Service in Roseau County.

On May 25, 1988, the Commission approved the actual costs Wikstrom Telephone Company incurred for placing a portion of a 911 Emergency Telephone Service in Roseau County.

On December 29, 1999, the Commission approved actual costs Independent Emergency Services Limited Liability Company incurred in placing a portion of a tandem based E911 service for Automatic Number Identification (ANI) in the 911 Emergency Services system in Roseau County.

**CURRENT FILING**

In July 1998, Roseau County contracted with Garden Valley Telephone Company (the Company) to install their portion of 911 service in the Roseau County 911 Emergency Services system.

On June 22, 1999, the Company installed inter-exchange, out-switch trunks to the Badger, Greenbush, Malung, Roosevelt, Roseau, Strathcoma, Wannaska, and Warroad Exchanges. The Company also installed Public Service Answering Point (PSAP) trunk circuits from the Erskine to the Roseau, and Turtle River to Roseau PSAPs, inter-tandem trunks for Erskine to

Turtle River and transfer lines to the Erskine Exchange. These trunk modifications were made to add ANI to their portion of the 911 Emergency Telephone Services System in Roseau County.

On December 14, 1999, the Company certified the actual costs it incurred for the provision of the additional trunk circuits to supply ANI service.

The Company is now requesting Commission approval of the actual 911 Emergency System and ANI system costs. Commission approval is necessary before the Department of Administration (DOA) will make payments for 911 system costs.

### **FINDINGS AND CONCLUSIONS**

Minn. Stat. Section 403.11, subd. 3 states:

Subd. 3 (METHOD OF PAYMENT; CERTIFICATION.) A public utility incurring reimbursable costs under subdivision 1 or 2 shall certify those costs to the commissioner of administration. The certification shall be in a form as prescribed by the commissioner after consultation with the public utilities commission. If the commissioner and the commission approve the certified costs as appropriate and accurate, the commissioner shall pay the certified costs from money appropriated for that purpose within 90 days following receipt by the commissioner of the certified costs. The commissioner of administration shall estimate the amount required to reimburse public utilities for the state's obligations under subdivisions 1 and 2 of this section and the governor shall include the estimated amount in the biennial budget request.

Garden Valley Telephone Company has certified, in writing, that the elements of 911 services and associated costs indicated on Attachment A, reflect only charges for services actually rendered in the direct provision of 911 service in Roseau County.

All charges listed on Attachment A are in accordance with the Company's tariffs.

The Commission finds that the costs for 911 Emergency Telephone Service in Roseau County which have been certified by the Company are appropriate and accurate.
