SERVICE DATE: MARCH 7, 2006

DOCKET NO. E-001/M-05-1688

In the Matter of Alliant Energy Corporate Services, Inc. Conformed System Coordination and Operating Agreement

The above entitled matter has been considered by the Commission and the following disposition made:

Approved the revised System Coordination and Operating Agreement with the proposed changes, with the exception of further information to be provided in AECS's reply comments regarding: 1) Schedule F, Distribution of Operating Expenses of the Central Control Center, and 2) the effective date of January 1, 2001 as the date of the SCOA, as discussed in the body of the Department of Commerce comments;

Amended Section 9.09(a) of the System Coordinator and Operating Agreement to add the following language as requested by the Company:

Any amendment to this Agreement, including the allocation of ownership and operating shares under Schedule A and the capacity purchase and sale arrangements under Schedule C, shall be filed with all applicable state commissions prior to filing with the Federal Energy

Regulatory Commission. In the event that a state commission, within forty-five days of filing with such state commission, does not object to an amendment, or does not issue a letter requiring that the amendment be held in abeyance until such state commission completes its review, the Companies may file the proposed amendment with the FERC, unless affirmative action on the amendment is required by a state's laws or regulations, or by the procedures of a state regulatory commission with jurisdiction over the matter.

The Commission agrees with and adopts the recommendations of the Department of Commerce, as amended, which are attached and hereby incorporated in the Order.

BY ORDER OF THE COMMISSION

Burl W. Haar
Executive Secretary

(S E A L)
