

Manager, Public Programs
Minnesota State Board of Investment
St. Paul, MN 55103

The Minnesota State Board of Investment (SBI) seeks a senior investment professional to help lead a dedicated investment staff in the management of Minnesota's \$60 billion dollar portfolio. The SBI is responsible for the management of pension fund assets, state cash accounts, endowment funds, and various other funds assigned to the Board.

The person retained will serve as the office's liaison with state agencies, local units of government, a range of outside entities and will assist in developing investment policy guidelines, asset allocation, performance benchmarks, risk management controls and management of a number of investment company relationships.

Candidates will have experience in working with the Minnesota governmental and legislative processes together with having a broad understanding of a wide range of investment vehicles and asset classes. Leadership qualities and well developed skills in verbal and written communication are required.

Salary range starts at \$119,479. Salary will be commensurate with experience.
