

Minnesota Health Insurance Exchange
Finance Work Group
November 30, 2011

Scope – Provide technical assistance and information on options related to the on-going financing of a Minnesota Health Insurance Exchange.

Deliverables

- By December 21, 2011
 - Present funding mechanism options , including pros and cons, timeline and suggested criteria to consider for the Minnesota Health Insurance Exchange to the Minnesota Exchange Advisory ask Force
- Future
 - Identify funding options for Navigators/Brokers beginning as soon as fall of 2013.
 - Define specific mechanisms/processes for funding the Minnesota Health Insurance Exchange
 - Other issues as requested by Department of Commerce and Health Insurance Exchange Advisory Task Force.

Knowns

- Federal funds are available for planning, design, development and implementation of an Exchange
- Federal funds are available for operations of an Exchange for calendar year 2014
- Exchange must be self-sustaining beginning January 1, 2015
- Exchanges must be certified in 2013 as viable full operations in 2014.
- Cost must be allocated to all program beneficiaries (MA and Exchange)
- Current sources and uses of health care revenues to the state

Unknowns

- Will 2014 federal funds include funding for Navigators/Brokers?
- What will public programs be in Minnesota in 2014/2016? What resource needs will they have?
