FAQ: Where do I go to complete a manual intent to contract via Single Source (SSJ) posting?

1. First log in via the [Secure Area Sign-in](#)

2. Scroll down the page and on the left side click on Acquisitions, then
3. Click on Solicitation Posting Form to begin entering the Single Source information

Manual Solicitation and Single Source Postings

Agency buyers and members of the state’s Cooperative Purchasing Venture (CPV) program can use a [Solicitation Posting Form](#) in the Secure Area of OSP’s website (login required). This is useful if you want to make a manual announcement for a solicitation that was not initiated in SWIFT or for Single Source Postings. For example, if your city wants to invite responses to a solicitation, it can use the form to describe the purchase and tell vendors how to receive the solicitation documents. Or, state agencies can post a Single Source Posting using the form. Those solicitations/postings appear on the state’s pages for [Goods and Services Solicitation Postings](#) or [Professional and Technical Solicitation Postings](#).

To use the form, enter values into every field marked with an asterisk, and then use the other optional fields that are pertinent. For example, Shipping Information can be provided but is not required. For the field Contract Available to, state agencies can pull from the drop down list or enter Other; CPV members should use Other, then enter the name of their entity in the space below.

Use the Description of Work field to put in a short description of your solicitation or the text of your single source notice; the text will appear on the website. Some simple formatting is available.

If you are posting about a P/T services contract, you are asked to provide an estimate of the value. Location of Work is an optional field, which can indicate whether you intend the work to be done at the vendor’s location or alternatively at your own entity’s location.

Most of us will skip the areas labeled: SWIFT Import Fields, Automated Fields, and Add Solicitation PDF or Addendum. Those areas are for a special process used by a limited team in OSP.

If you know the NAICS code(s) or UNSPSC code(s) associated with your purchase, you can enter up to seven in the fields provided.

Please skip the Addendum Form fields and settings along with the Bonfire Integration Data area, as those are for a special process used by a limited team within OSP.

Unfortunately, there is NO preview button, so it is recommended that you look back over your entry before you click the SAVE button. To see how your post might look before posting, you can view other

live posts as examples on the state's posting pages, linked above. Once you click the SAVE button, the posting will go live almost instantly. If you need help fixing an error in your posting, please contact the OSP Help Line at 651-296-2600 or OSPHelp.Line@state.mn.us.

Monthly SWIFT Reminder: Late Payments on Purchasing Card Statements

US Bank charges late fees on past due purchasing card (PCard) accounts. Agencies are invoiced in the amount of up to one percent (1%) per month on the amount overdue, or a minimum of \$2. Late fees are included on your monthly statement from US Bank and available to view in SWIFT. However, the Late Payment transaction cannot be reconciled the same way other transactions are reconciled.

To pay a late fee associated with a PCard statement, agencies must manually add this fee to their monthly PCard voucher by adding a line and entering the information. Make sure to enter Late Payment Charge in the **Description** field. In the **Account** field use Expense code 430008 (Interest Pd To Vend Late Pymt). After the line has been added, provide the voucher number to [SWIFT Help Desk](#) to have the transaction remove from the PCard pages.

Copy Down	Line	Merchandise Amt	Quantity	*GL Unit	Fund	Fin DeptID	Appropriation ID (CF3)	Account
<input type="checkbox"/>	1	0.00		MN001				430008

As a reminder, pay PCard statements on time to avoid potential late fees, take advantage of available rebates, and avoid potential violations of Minn. Stat. §16A. Purchasing Policy 1b requires that Purchasing Card Coordinators use Access Online to review statements and monitor account activity.

- If you have questions regarding PCards, please contact the [SWIFT Help Desk](#).
- For questions regarding state Contract Release C-684(5)* Purchasing Payment Services or Purchasing Card Use Policy 1b, please contact the Purchasing Card administrator, Robbyn Overall at robyn.overall@state.mn.us.
