**ARTICLE 1**

**GENERAL REQUIREMENTS**

1.0 **End Date:** The parties agree to a contract end date of "Contract End Date".

1.1 **Authorized Representatives:** For the purpose of administration of this Agreement, State’s Authorized Representative is "Project Manager" at "PM 10 digit phone number", or his/her successor. The Consultant shall render all services pursuant to this Agreement under the direction and supervision of the authorized representative or his/her successor. The Consultant’s Authorized Representative is "Contact Person Name" at "Contact Person Phone", or his/her successor.

1.2 **State’s Consultant’s Responsibilities:** Exhibit A, which is attached and incorporated into this Agreement, sets forth specific responsibilities and Instruments of Service for the State and for the Consultant for each phase of the professional services.

1.2.1 When the State determines that the project delivery method to be used is Construction Manager at Risk, Design-Build or other, see Exhibit N-Article 13 Supplementary Amendments to the State of Minnesota State/Designer Basic Services Agreement for instruments of services and responsibilities that are in addition to the requirements, responsibilities and duties contained in this contract and Exhibit A.

1.3 **Satisfactory Performances:** Time is of the essence under this Agreement. Neither party shall unreasonably delay the progress of the work beyond the time limit set forth in Exhibit A. The Consultant and State shall perform their obligations under this Agreement in a manner, which meets the project requirements identified in Exhibit A. The Consultant shall perform in a manner that is consistent with reasonable professional skill and care. The Consultant and the State shall endeavor to satisfy the Project Schedule. Neither party shall unreasonably impede the other in performance of its obligations. The Consultant acknowledges that the Project Schedule prepared by the State and set forth in this Agreement includes sufficient time allowances for State review and for review by authorities having jurisdiction over the project.

1.4 **Personnel:** All personnel provided by the Consultant shall be fully qualified and authorized under state or local law to perform the services required by this Agreement. The personnel shall not be employees of the State. The Consultant represents that services required hereunder will be performed directly by the Consultant or through subconsultants under contract with the Consultant which are identified in Exhibit C, Consultant’s Qualifications Proposal, which is attached and made a part of this Agreement. If during the term of this Agreement the State raises objections to any listed person or entity, the Consultant shall propose substitutes to whom the State and Consultant mutually agree. If such substitution causes delay or additional costs to the Consultant, the State shall agree to an equitable adjustment of the Project Schedule, and the Consultant’s compensation may be changed by negotiation.

1.5 **Cost of Construction:**

1.5.1 **Budgeted Cost of Construction:** The State’s Budgeted Cost of Construction is based on the State’s program, Predesign and/or legislative project funding authorizations. The Consultant shall design to meet the State’s Budgeted Cost of Construction or subsequent modified Budgeted Cost of Construction as approved by the State.

1.5.2 **Responsibility for Estimated Cost of Construction:** The Consultant is solely responsible for the accuracy of its construction cost estimates and the State’s actions and authorizations are based in whole or in part on that information. The State shall promptly review and, if approved, authorize the revisions to the design. In the event bids exceed the final cost estimate, the State, at its option, can require the Construction Documents to be revised as necessary to achieve the agreed upon estimate. This shall be accomplished without additional cost to the State for revising the Construction Documents and the rebid process. In the event bids are below the final cost
estimate by fifteen (15) percent or more and the State had previously agreed to program and/or quality reductions based on the final estimate, the State, at its option, and without additional compensation to the Consultant, will require the Consultant to revise the bid documents to reinstate the program and quality.

1.5.3 No Budgeted Cost of Construction: Paragraphs 1.5.1, 1.5.2 and 8.3 are not applicable when the contract amount is a fixed limit amount for a generally defined scope of work for which the State does not have a predetermined budgeted cost of construction and the work under this contract includes establishment of the budget for and cost of construction. The Consultant shall coordinate with the State to establish the budget for construction including options or alternates for reducing the cost of construction. And the State shall approve the estimated cost of construction prior to solicitation of bids for the work. All contract sum adjustments shall be negotiated by the parties.

1.6 Tests: Throughout the term of this Agreement, the State shall furnish surveys, borings, or test pits, and chemical, mechanical, or other tests and reports (collectively “tests and reports”) when requested by the Consultant and approved in writing by the State. The Consultant shall be entitled to rely on the accuracy and completeness of tests and reports provided by the State, subject to any limitations expressly stated by the professionals providing the tests and reports and only to the extent consistent with the ordinary standard of care for the type of professional providing the test, and provided further, that the Consultant is required to notify the State if the Consultant knows or has reason to know of any ambiguities or errors in the tests or reports, or if the Consultant knows or has reason to know of additional information relevant to the tests or reports provided by the State.
