WORKERS' COMPENSATION BULLETIN 12-2

March 19, 2012

To: Workers' Compensation Coordinators
Accounting Coordinators
Subject: Managed Care Services and Fees

Background

The Workers' Compensation Program has been using the certified managed health care services from CorVel since July 1, 2005. Below are some of the features of CorVel's services:

- Medical Bill Processing
- Provider Network
- Nurse Phone Line
- Posters and other publications for agencies
- Medical Case Management
- On-site Medical Case Management
- Designated clinics

Managed Care Administrative Fees

The administrative fee for CorVel's services increased from \$2.15 to \$2.17 per employee per month effective 1/1/12. This new fee will be reflected in your March 2012 invoice and will remain in effect through 12/31/12. For those agencies who are in the alternative cost allocation account, this increase will be factored into your FY 2013 premium.

Requested Action

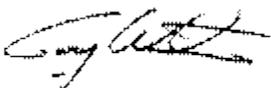

Please share this information with relevant staff in your agency. To view CorVel's services, please visit the area labeled 'Medical care for injured employees' on our website
