Minnesota Statutes 115A.48, subdivision 3, and the Federal Energy Policy Act (EPAct) directs public agencies to implement purchasing practices that can be used to positively impact the environment. Executive Order 17-12 directs State Agencies to take steps that include reducing greenhouse gas emissions and a reduction in petroleum consumption by state vehicles.

The Department of Administration, Fleet Services is committed to this effort by working with State Agencies to replace fleet vehicles with "Greener" vehicles throughout the State Fleet.
