LAW ENFORCEMENT DATA WORKSHOP

Join the Minnesota Data Practices Office for an interactive workshop on law enforcement data practices hosted by the Itasca County Sheriff's Office.

Wednesday, September 30, 2026

9:30 a.m. - 3:00 p.m. | Itasca County Emergency Operations Center
Old airport terminal building - 1500 SE 7th Ave, Grand Rapids, MN

This practical workshop will help law enforcement professionals navigate common and challenging data practices issues they encounter every day. Topics include:

Understanding key Minnesota laws governing law enforcement data

Handling requests involving traffic crash reports, maltreatment investigations, body-worn camera and squad video, and other law enforcement records

Working through real-world scenarios based on actual questions submitted to the Minnesota Data Practices Office

Live question-and-answer sessions to address your agency's specific situations
