Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-13 inclusive; issues #14-25 inclusive (issue #26 cumulative for issues #1-26); issues #27-38 inclusive (issue #39, cumulative for issues #1-39); issues #40-52 inclusive, with final index (#1-52, or 53 in some years). An annual subject matter index for rules was separately printed usually in August, but starting with Volume 19 now appears in the final issue of each volume. For copies or subscriptions to the State Register, contact Minnesota's Bookstore, 660 Olive Street (one block east of I-35E and one block north of University Ave), St. Paul, MN 55155, phone: (612) 297-3000, or toll-free 1-800-657-3757. Proposed Rules

Comments on Planned Rules or Rule Amendments. An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, and within 60 days of the effective date of any new statutory grant of required rulemaking.

Rules to be Adopted After a Hearing. After receiving comments and deciding to hold a public hearing on the rule, an agency drafts its rule. It then publishes its rules with a notice of hearing. All persons wishing to make a statement must register at the hearing. Anyone who wishes to submit written comments may do so at the hearing, or within five working days of the close of the hearing. Administrative law judges may, during the hearing, extend the period for receiving comments up to 20 calendar days. For five business days after the submission period the agency and interested persons may respond to any new information submitted during the written submission period and the record then is closed. The administrative law judge prepares a report within 30 days, stating findings of fact, conclusions and recommendations. After receiving the report, the agency decides whether to adopt, withdraw or modify the proposed rule based on consideration of the comments made during the rule hearing procedure and the report of the administrative law judge. The agency must wait five days after receiving the report before taking any action.

Rules to be Adopted Without a Hearing. Pursuant to *Minnesota Statutes* § 14.22, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing. An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public. The agency then publishes a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. If, during the 30-day comment period, 25 or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.1414.20, which state that if an agency decides to hold a public hearing, it must publish a notice of intent in the *State Register*.

Proposed Expedited Permanent Game and Fish Rule: Northern Pike Regulation; Notice of Intent to Adopt Expedited Rules Without a Public Hearing

Proposed Amendment to Rules Relating to Northern Pike Regulation, *Minnesota Rules*, chapter 6262; Revisor's ID Number R-04408

Introduction. The Department of Natural Resources intends to adopt rules under the expedited rulemaking process following the rules of the Office of Administrative Hearings, *Minnesota Rules*, part 1400.2410, and the Administrative Procedure Act, *Minnesota Statutes*, section 14.389. You may submit written comments on the proposed expedited rules until **4:30 p.m. on Monday, November 7, 2016**.

Agency Contact Person. You must submit comments or questions on the rules to: Al Stevens at Minnesota Department of Natural Resources, 500 Lafayette Road, St. Paul, Minnesota 55155-4020, phone 651-259-5239, or al.stevens@state.mn.us.

Subject of the Expedited Rules and Statutory Authority. The proposed expedited rules replace the existing statewide northern pike fishing regulation possession (bag) limit with a set of three regulations for anglers and a separate set of regulations for dark-house spearers in three management zones.

The three management zones are the northeast, north-central, and southern areas of the state. The goal is to improve the quality of northern pike fishing by using management zones to set general regulations for taking northern pike.

The zones are shown on the DNR northern pike webpage at <http://www.dnr.state.mn.us/staging/input/rules/pike/index.html>. Here are descriptions of the boundaries between the three zones:

- U.S. Highway 53, from Duluth to International Falls, divides the North East zone from the North Central zone.
- The North Central zone and the Southern zone are divided by a line that goes from the South Dakota border, from along State Highway 7 to its intersection with State Highway 22 in Litchfield, then along State Highway 22 to its intersection with U.S. Highway 212 in Glencoe, then east along U.S. Highway 212 to its intersection with State Highway 41 in Chaska, then south along State Highway 41 to the Minnesota River, then along the north bank of the Minnesota River and Mississippi Rivers to the Wisconsin border.
- The North Central zone does not include the waters of the Minnesota or Mississippi Rivers where those waters create the southern boundary.

Proposed Rules

The existing statewide regulation for northern pike is a bag limit of three, with only one over 30" allowed in possession. The proposed rule would replace the existing regulation with the regulations listed in the table below for each management zone:

Zone	Angling Regulation	Spearing Regulation
North East	2 fish bag limit 30-40" protected slot limit 1 fish allowed over 40"	2 fish bag limit 1 fish allowed over 26"
North Central	10 fish bag limit 22-26" protected slot limit 2 fish allowed over 26"	10 fish bag limit 1 fish between 22-26" and 1 over 26"; or 2 over 26"
Southern	2 fish bag limit Minimum length 24"	Same as angling

The department is proposing separate regulations for darkhouse spearing in the two northerly zones to accommodate the concerns of spearers for taking northern pike in waters with protected slot limits. The existing special and experimental management waters listed in Minnesota Rules, parts 6264.0300 and 6264.0400, would remain in effect.

The statutory authority to adopt the rules is Minnesota Statutes, section 97C.401, subdivision 1. The statutory authority to adopt the rules under the expedited rulemaking process is Minnesota Statutes, section 84.027, subdivision 13a (b).

A copy of the proposed rules is published in the State Register and attached to this notice as mailed. A free copy of the rules is available upon request from the agency contact person listed above. The proposed expedited rules may be viewed at: <http://www.dnr.state.mn.us/input/rules/rulemaking.html>.

Comments. You have until 4:30 p.m. on Monday, November 7, 2016, to submit written comment in support of or in opposition to the proposed expedited rules and any part or subpart of the rules. Your comment must be in writing and received by the agency contact person by the due date. The Department encourages comment. Your comment should identify the portion of the proposed expedited rules addressed and the reason for the comment. In addition, you are encouraged to propose any change desired. You must also make any comments that you have on the legality of the proposed rules during this comment period.

Request for Hearing. In addition to submitting comments, you may also request that a hearing be held on the rules. You must make your request in writing and the agency contact person must receive it by 4:30 p.m. on Monday, November 7, 2016. Your written request must include your name and address. You must identify the portion of the proposed rules to which you object or state that you oppose the entire set of rules. Any request that does not comply with these requirements is not valid and the agency cannot count it for determining whether it must hold a public hearing. You are also encouraged to state the reason for the request and any changes you want made to the proposed rules.

Withdrawal of Requests. If 100 or more persons submit a valid written request for a hearing, a public hearing will be held unless a sufficient number withdraw their requests in writing. If enough requests for hearing are withdrawn to reduce the number below 100, the agency must give written notice of this to all persons who requested a hearing, explain the actions the agency took to effect the withdrawal, and ask for written comments on this action. If the agency is required to hold a public hearing, it will follow the procedures in *Minnesota Statutes*, section 14.131 to 14.20.

Modifications. The agency may modify the proposed expedited rules using either of two avenues: The agency may modify the rules directly so long as the modifications do not make them substantially different as defined in *Minnesota Statutes*, section 14.05, subdivision 2, paragraphs (b) and (c). Or the agency may adopt substantially different rules if it follows the procedure under *Minnesota Rules*, part 1400.2110. If the final rules are identical to the rules originally published in the State Register, the agency will publish a notice of adoption in the State Register. If the final rules are different from the rules originally published in the State Register, the agency must publish a copy of the changes in the State Register. If the proposed expedited rules affect you in any way, the agency encourages you to participate in the rulemaking process.

Alternative Format. Upon request, this information can be made available in an alternative format, such as large print, braille, or audio. To make such a request, please contact the agency contact person at the address or telephone number listed above.

Proposed Rules

Lobbyist Registration. *Minnesota Statutes*, chapter 10A, requires each lobbyist to register with the State Campaign Finance and Public Disclosure Board. You may direct questions regarding this requirement to the Campaign Finance and Public Disclosure Board at: Suite No. 190, Centennial Building, 658 Cedar Street, St. Paul, Minnesota 55155, telephone (651) 539-1180 or 18006573889.

Adoption and Review of Expedited Rules. If no hearing is required, the agency may adopt the rules at the end of the comment period. The agency will submit rules and supporting documents to the Office of Administrative Hearings for review for legality. You may ask to be notified of the date that the agency submits the rules. If you want to be so notified, or want to receive a copy of the adopted rules, or want to register with the agency to receive notice of future rule proceedings, submit your request to the agency contact person listed above.

Expedited emergency rules are effective upon publication in the *State Register*, and may be effective up to seven days before publication under certain emergency conditions.

Expedited emergency rules are effective for the period stated or up to 18 months. Specific *Minnesota Statute* citations accompanying these expedited emergency rules detail the agency's rulemaking authority.

Minnesota State Lottery

Request for Proposals for Sponsorship Agreements

Description of Opportunity

The Minnesota State Lottery develops sponsorship agreements throughout the year with organizations, events, and sports teams to create excitement for lottery players, to interest new players and increase the visibility of lottery games. The Lottery encourages and continually seeks new sponsorship agreements to help achieve current Lottery marketing goals.

Proposal Content

A sponsorship proposal presented to the Lottery should meet the following three criteria:

- 1. Maximize Lottery Visibility** – the event, sports or tie-in proposal should draw a large number of desired participants (typically 50,000 or more) whose demographics match the Lottery player profile. The Lottery is interested in effectively delivering its message of fun and entertainment to Minnesota adults whose demographics skew primarily towards those aged 25-64, with a household income of \$35,000-\$75,000, and having an educational background of some college or higher. The Lottery does not market to those under the age of 18, and family events with high levels of children present are generally not accepted. Attendance, on-site signage visibility and paid media exposure will be critical components that will be evaluated.
- 2. Enhance Lottery Image-** – the event, sports or tie-in proposal should inherently project the attitude that the Lottery is a fun and socially acceptable part of the community. The Lottery's presence should fit well within the lineup of other sponsors. The Lottery is interested in creating opportunities whereby the sponsorship can translate into sales revenue, either via on-site sales from a Lottery booth, from sales-generating promotions with Lottery retailers or from joint programs with the sponsor's media partners.
- 3. Provide Promotional Extensions** – the event, sports or tie-in proposal should offer exciting, value-added ways to interact with our players and have opportunities to motivate attendees, listeners and viewers to participate in and purchase Lottery games. The proposal must include proper staffing availability or other considerations to help the Lottery implement any appropriate promotional extension ideas.

Proposals should address all pertinent elements of the sponsorship and how the Lottery criteria as stated above and on the Evaluation Form are to be met. To view or print copies of the Request for Proposal go to <http://www.mnlottery.com/vendors.html>

This Solicitation does not obligate the state to award a contract or pursue a proposed sponsorship opportunity, and the state reserves the right to cancel the solicitation if it is considered to be in its best interest.
