# Minnesota Rules: Amendments and Additions

## NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-13 inclusive; issues #14-25 inclusive (issue #26 cumulative for issues #1-26); issues #27-38 inclusive (issue #39, cumulative for issues #1-39); issues #40-52 inclusive, with final index (#1-52, or 53 in some years). An annual subject matter index for rules was separately printed usually in August, but starting with Volume 19 now appears in the final issue of each volume. For copies or subscriptions to the State Register, contact Minnesota's Bookstore, 660 Olive Street (one block east of I-35E and one block north of University Ave), St. Paul, MN 55155, phone: (612) 297-3000, or toll-free 1-800-657-3757. # Exempt Rules

Exempt rules are excluded from the normal rulemaking procedures (*Minnesota Statutes* §§ 14.386 and 14.388). They are most often of two kinds. One kind is specifically exempted by the Legislature from rulemaking procedures, but approved for form by the Revisor of Statutes, reviewed for legality by the Office of Administrative Hearings, and then published in the State Register. These exempt rules are effective for two years only.

The second kind of exempt rule is one adopted where an agency for good cause finds that the rulemaking provisions of *Minnesota Statutes*, Chapter 14 are unnecessary, impracticable, or contrary to the public interest. This exemption can be used only where the rules:

- (1) address a serious and immediate threat to the public health, safety, or welfare, or
- (2) comply with a court order or a requirement in federal law in a manner that does not allow for compliance with *Minnesota Statutes* Sections 14.14-14.28, or
- (3) incorporate specific changes set forth in applicable statutes when no interpretation of law is required, or
- (4) make changes that do not alter the sense, meaning, or effect of the rules.

These exempt rules are also reviewed for form by the Revisor of Statutes, for legality by the Office of Administrative Hearings and then published in the *State Register*. In addition, the Office of Administrative Hearings must determine whether the agency has provided adequate justification for the use of this exemption. Rules adopted under clauses (1) or (2) above are effective for two years only. The Legislature may also exempt an agency from the normal rulemaking procedures and establish other procedural and substantive requirements unique to that exemption.

**KEY: Proposed Rules** - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

## Department of Labor and Industry

### Proposed Exempt Permanent Rules Relating to Federal Occupational Safety and Health Standards and Request for Comments

NOTICE IS HEREBY GIVEN that the Department of Labor and Industry, Occupational Safety and Health Division (Minnesota OSHA), proposes to adopt the following amendment to the Department of Labor and Industry, Occupational Safety and Health Rules. Statutory authority to adopt the amendment is in Minnesota Statutes §182.655.

This notice proposes to *repeal* outdated and duplicative Minnesota Rules related to both confined spaces in construction and walking-working surfaces in general industry, which are now contained in federal standards recently adopted-by-reference by Minnesota OSHA.

All interested or affected persons have 30 days from the date this notice is published in the State Register to submit, in writing, data and views on the proposed revocation of this rule. Comments in support of or in opposition to the proposed revocation are encouraged.

Any person may file with the Commissioner written objections to the proposed amendment, stating the grounds for those objections, and may request a public hearing. A public hearing will be held if 25 or more persons submit written requests for a public hearing on the proposed amendment within the 30-day comment period. Requests for hearing must include the name and address of the person submitting the request, define the reasons for the request, and discuss any proposed changes. If a public hearing is required, the Department will proceed according to the provisions of Minnesota Statutes §182.655 and Minnesota Rules 5210.0020 to 5210.0100.

Written comments or requests for a public hearing should be sent to: Occupational Safety and Health Division, Department of Labor and Industry, 443 Lafayette Road, St. Paul, Minnesota 55155-4307.

Ken Peterson  
Commissioner

By this notice, Minnesota OSHA proposes to repeal the outdated and duplicative rules.

**REPEALER.** Minnesota Rules, parts 5205.0040; 5205.0050; 5205.0060; 5205.0065; 5205.0080; 5207.0300, subpart 1; 5207.0301; 5207.0302; 5207.0303; and 5207.0304, are repealed.

# Expedited Emergency Rules

Provisions exist for the Commissioners of some state agencies to adopt expedited emergency rules when conditions exist that do not allow the Commissioner to comply with the requirements for emergency rules. The Commissioner must submit the rule to the attorney general for review and must publish a notice of adoption that includes a copy of the rule and the emergency conditions. Expedited emergency rules are effective upon publication in the *State Register*, and may be effective up to seven days before publication under certain emergency conditions.

Expedited emergency rules are effective for the period stated or up to 18 months. Specific *Minnesota Statute* citations accompanying these expedited emergency rules detail the agency's rulemaking authority.

**KEY: Proposed Rules** - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated "all new material." **Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

## Department of Natural Resources

### Adopted Expedited Emergency Game and Fish Rules: Spring Turkey Hunt, Special Provisions for Wildlife Management Areas

Notice is hereby given that the above entitled rules have been adopted through the process prescribed by *Minnesota Statutes*, section 84.027, subdivision 13 (b). The statutory authority for the contents of the rule is *Minnesota Statutes*, sections 86A.06, 97A.045, 97A.137, 97A.435, 97B.723, and 97B.731.

The conditions that do not allow compliance with *Minnesota Statutes*, sections 97A.0451 to 97A.0459, are as follows: that distribution of licenses for the turkey season are subject to modification on an annual basis as the Department of Natural Resources refines the manner by which the season is conducted. Annual turkey population and harvest data used for selecting hunters and setting quotas and areas is gathered annually and analyzed in late summer. Adjustments to permit area boundaries and license quotas are based on annual and long-term population data as well as input from the public.

The St. Michaels Meadows Wildlife Management Area is an integral part of a wetland restoration project but cannot sustain firearms hunting due to its proximity to a large residential housing development. Changes to the Carlos Avery Wildlife Management Unit Sanctuary improve opportunities for youth and disabled hunters who are participating in special hunts.

The crow season is being amended to meet requirements specified in *Minnesota Statutes*, section 97B.731.

## **Department of Natural Resources**

### **Adopted Expedited Emergency Game and Fish Rules: Special Hunts for Managing Chronic Wasting Disease in Deer**

Notice is hereby given that, pursuant to the Commissioner's authority set forth in Minn. Stat. § 84.027, subdivision 13 (b) to set hunting seasons and Minn. Stat. § 97A.045, subd. 11 to take action necessary to prevent or control wildlife disease, the Commissioner is adopting the following rule to prevent the spread of chronic wasting disease (CWD) among the deer population in and around Fillmore County. This rule is adopted as an emergency rule pursuant to the authority granted to the commissioner to adopt emergency rules in Minn. Stat. § 97A.045, subd. 2(b). The emergency rule is necessitated by the discovery of CWD in wild deer harvested near Lanesboro, Minnesota during the 2016 and 2017 hunting seasons. Because of potential damage that CWD could do to the wild deer population in the time it would take to use the Chapter 14 rulemaking process to adopt this rule, the DNR is using its emergency rulemaking authority pursuant to Minn. Stat. § 97A.045, et. seq.

CWD has been detected in or adjacent to deer permit areas 345, 347, 348 and 603. CWD infectious agents are extremely resistant in the environment, transmission may be both direct and indirect. Concentration of deer in certain areas likely increases the risk of transmission between individuals. Reducing the number of deer reduces the risk of transmission between individuals. Therefore, the DNR will hold a special hunt in deer permit area 603 as well as portions of deer permit areas 345, 347 and 348. All hunters will be required to present deer taken during this special hunt to the DNR for testing. By testing harvested deer, the DNR is able to track the spread of the disease and determine whether the risk to the wild deer herd is increasing and whether further action may be necessary.

To provide as much hunter access to the area as possible, the DNR is opening a state park and two Scientific Natural Areas (SNAs) that are not normally open to hunting. The agency is impartially limiting the number of hunters in Forestville State Park and Pin Oak Prairie Scientific Natural Area in deer permit area 603 to prevent hunter overcrowding by requiring a free Disease Hunt Surplus permit that will be available by telephone, online and at license vendors throughout the state on a first-come, first-served basis. The number of hunters who will be allowed in these areas will be consistent with past special hunts held to reduce deer numbers for resource management. The DNR is also opening Cherry Grove Blind Valley SNA, in the open portion of deer permit area 347, to all hunters. This SNA is adjacent to public land that is already open to hunting, making it unnecessary to limit numbers. If the SNAs and Forestville State Park were not open hunting, deer could become concentrated in these areas to avoid hunting pressure. By opening the SNAs and Forestville State Park to hunting, the DNR is providing as much hunter access to the CWD zone as possible to lower overall deer numbers and deer density. This increases the likelihood of achieving the overall goal of reducing the risk of CWD

# Expedited Emergency Rules

transmission between deer. Because the hunt occurs at a time of year when public use and agency operations on the SNA are minimized, the hunt will not interfere with the normal function of the SNAs. Hunters must be qualified for this hunt by being legally eligible to purchase a deer hunting license and must meet any firearms safety requirements (based on their age).

## Minnesota Department of Agriculture Division of Pesticide and Fertilizer Management Announcement of Best Management Practices Adoption

### Final best management practices (BMPs) for turfgrass pesticides.

The Minnesota Department of Agriculture (MDA) announces adoption of voluntary best management practices for turfgrass pesticides.

The purpose of the BMPs for turfgrass pesticides is the protection of water resources, humans, and non-target organisms including pollinators. These BMPs are based on Minnesota Department of Agriculture's general best management practices for pesticide management and handling. The BMPs comprise information on proper and judicious use of turfgrass pesticides.

On July 31, 2017 a draft of these BMPs was posted in the State Register with a request for review and comments. Based on comments received the BMPs for turfgrass pesticides were revised and finalized. The BMPs are available on the MDA website at: <http://www.mda.state.mn.us/protecting/bmps/turfbmps.aspx>

Also, the MDA is currently finalizing BMPs for nitrogen and phosphorus turfgrass fertilizers based on comments received on a draft posted July 31, 2017. A State Register notice will be made when the BMPs for nitrogen and phosphorus turfgrass fertilizers are finalized and adopted.

Interested parties or groups may direct inquiries about these BMPs to Gurinderbir Chahal, Minnesota Department of Agriculture, [g.chahal@state.mn.us](mailto:g.chahal@state.mn.us), 651 201 6237.

Comments and suggestions for improvements of the proposed rule will be accepted at the above address until 4 p.m. January 31, 2018.

After the Commissioner of Health has considered all comments received, the Commissioner will publish a notice of adoption of any revisions to the above referenced MUCG rule in the State Register. The adopted version will be known as version 12.0 and will supersede any previous versions. The version 12.0 rule will take effect 30 days subsequent to the notice of adoption.

**How to Obtain the Proposed Changes to Minnesota Uniform Companion Guides.** Free copies of the proposed version 11.0 rules as described above are available for viewing or downloading on the World Wide Web at: <http://www.health.state.mn.us/asa/>. Persons who wish to obtain paper copies should call Susie Blake at MDH, (651) 201-5508, or fax a request to (651) 201-3830, or write or email to Susie Blake at the address above, and clearly identify the document being requested.

**Description of the Rules.** Minnesota Statutes, section 62J.536, requires the Minnesota Commissioner of Health, in consultation with the Minnesota Administrative Uniformity Committee (AUC), to promulgate rules pursuant to section 62J.61 establishing and requiring group purchasers, clearinghouses, and health care providers to exchange specified health care administrative transactions electronically, using the applicable single, uniform companion guide adopted by the Commissioner of Health. Under Minnesota Statutes, section 62J.61, the Commissioner of Health is exempt from chapter 14, including section 14.386, in implementing sections 62J.50 to 62J.54, subdivision 3, and 62J.56 to 62J.59.

The proposed revised version 11.0 MUCG referenced above is proposed by the Commissioner of Health and was developed in consultation with the Minnesota Administrative Uniformity Committee (AUC) and its Eligibility Technical Advisory Group (TAG).

**Technical Changes and Updates to Previously Adopted Rule.** The Commissioner of Health, in consultation with the AUC and its Eligibility TAG, determined that it is necessary to make revisions to the MUCG rules previously adopted in the Minnesota State Register. The previously adopted MUCG that is currently in force was published as “version 10.0” and is available at: <http://www.health.state.mn.us/asa/rules.html>. The proposed new version of the rule is “version 11.0” and will be available at: <http://www.health.state.mn.us/asa/index.html> starting January 2, 2018.

Because the Commissioner of Health has determined that it is unduly cumbersome to publish the entire text of the proposed rule revisions, the Commissioner is publishing this notice of the proposed revisions to the adopted rule.

The proposed version 11.0 rule describes the data content and other transaction specific characteristics of the transaction listed above, for use by entities subject to Minnesota Statutes, section 62J.536.

When the proposed rule is adopted, it:

Is to be used in conjunction with all applicable Minnesota and federal regulations, including 45 CFR Parts 160, 162, and 164 (HIPAA Administrative Simplification, including adopted federal operating rules) and related ASC X12N and retail pharmacy specifications (ASC X12N and NCPDP implementation specifications);

Will supplement, but will not otherwise modify, the ASC X12N and NCPDP implementation specifications in a manner that will make their implementation by users to be out of compliance; and

Must be appropriately incorporated by reference and/or the relevant transaction information must be displayed in any companion guides provided by entities subject to Minnesota Statutes, section 62J.536. In particular, the applicable information in the adopted rule must be appropriately incorporated by reference and/or displayed so as to satisfy requirements of the *Code of Federal Regulations 45 §162.1203* and *§162.1603* for companion guide compliance with the “CORE v5010 Master Companion Guide Template.”

**Modifications.** The revisions in the version 11.0 MUCG are proposed to improve the clarity and readability of the rules and to clarify instructions for compliance with CORE Phase II Operating Rule 260. Revisions are also shown in underline-strikeout format on the proposed v11.0 MUCG.

**The following changes are proposed in the above referenced version 11.0 MUCG:**

The cover page has been revised to update the summary information regarding the document, including the status of the document as a proposed rule for public comment;

Section 1.6.2, “Document revision history,” has been updated to add information for version 11.0; and,

Section 3.3.1, “Instructions,” has been revised to clarify instructions for compliance with CORE Phase II Operating Rule 260.

There are minor grammatical, wording, and formatting changes throughout to make minor corrections, eliminate redundancies, and provide for greater clarity and readability.

Dated: January 2, 2018.

*Minnesota Statutes*, section 326B.106, requires, in part, that the Commissioner “shall by rule and in consultation with the Construction Codes Advisory Council establish a code of standards for the construction, reconstruction, alteration, and repair of buildings, governing matters of structural materials, design and construction, fire protection, health, sanitation, and safety, including design and construction standards regarding heat loss control, illumination, and climate control.” That statutory provision also requires that the code “include duties and responsibilities for code administration, including procedures for administrative action, penalties, and suspension and revocation of certification.”

**Public Comment.** Interested persons or groups may submit comments or information on these possible rules in writing until further notice is published in the *State Register* that the Department intends to adopt or to withdraw the rules. The Department will not publish a notice of intent to adopt the rules until more than 60 days have elapsed from the date of this request for comments. The Department does not plan to appoint an advisory committee to comment on the possible rules.

If you believe that the possible rule amendments would require your local unit of government to adopt or amend an ordinance or other local regulation to comply with the proposed rules, the Department requests that you provide information about the ordinance or regulation to the Agency Contact person listed below. Additionally, the agency requests any information pertaining to the cumulative effect of this rule with other federal and state regulations related to the specific purpose of the rule. Cumulative effect means the impact that results from incremental impact of the proposed rule in addition to other rules, regardless of what state or federal agency has adopted the other rules.

The Department is also interested in determining whether the cost of complying with the rule in the first year after the rule takes effect will cost or exceed \$25,000 for any small city or small business under *Minnesota Statutes*, section 14.127, subd. 1. A small city is a statutory or home rule charter city that has less than ten full-time employees and a small business means a business that has less than 50 full-time employees.

**Rules Drafts.** The Department has not yet drafted the possible rule amendments and does not anticipate that a draft of the proposed rule amendments will be available before the publication of the proposed rules.

**Agency Contact Person.** Written comments, questions, and requests for more information on these possible rules should be directed to: Amanda Spuckler at the Department of Labor and Industry, 443 Lafayette Road North, St. Paul, MN 55155, phone (651) 284-5006, fax: (651) 284-5749, and email to [dli.rules@state.mn.us](mailto:dli.rules@state.mn.us). Technical questions concerning the possible amendments should be directed to Dan Kelsey at the Department of Labor and Industry, 443 Lafayette Road N. St. Paul, MN 55155, phone (651) 284-5852, and email to [dan.kelsey@state.mn.us](mailto:dan.kelsey@state.mn.us).

**Alternative Format.** Upon request, this information can be made available in an alternative format, such as large print, braille, or audio. To make such a request, please contact the agency contact person at the address or telephone number listed above.

**NOTE:** Comments received in response to this notice will not necessarily be included in the formal rulemaking record submitted to the administrative law judge if and when a proceeding to adopt rules is started. The agency is required to submit to the judge only those written comments received in response to the rules after they are proposed. If you submitted comments during the development of the rules and you want to ensure that the Administrative Law Judge reviews the comments, you should resubmit the comments after the rules are formally proposed.

In addition to requests by state agencies for technical/professional services (published in the State Contracts Section), the *State Register* also publishes notices about grants and loans available through any agency or branch of state government. Although some grant and loan programs specifically require printing in a statewide publication such as the State Register, there is no requirement for publication in the *State Register* itself. ## Minnesota State Lottery Request for Proposals for Sponsorship Agreements

### Description of Opportunity

The Minnesota State Lottery develops sponsorship agreements throughout the year with organizations, events, and sports teams to create excitement for lottery players, to interest new players and increase the visibility of lottery games. The Lottery encourages and continually seeks new sponsorship agreements to help achieve current Lottery marketing goals.

### Proposal Content

A sponsorship proposal presented to the Lottery should meet the following three criteria:

1. **Maximize Lottery Visibility** – the event, sports or tie-in proposal should draw a large number of desired participants (typically 50,000 or more) whose demographics match the Lottery player profile. The Lottery is interested in effectively delivering its message of fun and entertainment to Minnesota adults whose demographics skew primarily towards those aged 25-64, with a household income of \$35,000-\$75,000, and having an educational background of some college or higher. The Lottery does not market to those under the age of 18, and family events with high levels of children present are generally not accepted. Attendance, on-site signage visibility and paid media exposure will be critical components that will be evaluated.
2. **Enhance Lottery Image** – the event, sports or tie-in proposal should inherently project the attitude that the Lottery is a fun and socially acceptable part of the community. The Lottery's presence should fit well within the lineup of other sponsors. The Lottery is interested in creating opportunities whereby the sponsorship can translate into sales revenue, either via on-site sales from a Lottery booth, from sales-generating promotions with Lottery retailers or from joint programs with the sponsor's media partners.
3. **Provide Promotional Extensions** – the event, sports or tie-in proposal should offer exciting, value-added ways to interact with our players and have opportunities to motivate attendees, listeners and viewers to participate in and purchase Lottery games. The proposal must include proper staffing availability or other considerations to help the Lottery implement any appropriate promotional extension ideas.

Proposals should address all pertinent elements of the sponsorship and how the Lottery criteria as stated above and on the Evaluation Form are to be met. To view or print copies of the Request for Proposal go to <https://www.mnlottery.com/vendors/> This Solicitation does not obligate the state to award a contract or pursue a proposed sponsorship opportunity, and the state reserves the right to cancel the solicitation if it is considered to be in its best interest.
