Subscriptions for an entire year cost \$180. The magazine is SENT TO YOU, as well as ONE OTHER PERSON YOU DESIGNATE, in case of vacations, or illnesses, or other absences in your office . . . and you won't have to access our website or click, click, click to find us.

Subscriptions include the most up-to-date information, including a growing index to issues in each volume, issue by issue, including the current volume, which others do not have access to until the end of the volume year.

And a subscription gets you our Current Listing of All OPEN bids, contracts, grants, loans, and RFPs that are still open for bid, so you don't have to hunt through each back issue to find something.

Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-13 inclusive; issues #14-25 inclusive (issue #26 cumulative for issues #1-26); issues #27-38 inclusive (issue #39, cumulative for issues #1-39); issues #40-52 inclusive, with final index (#1-52, or 53 in some years). An annual subject matter index for rules was separately printed usually in August, but starting with Volume 19 now appears in the final issue of each volume. For copies or subscriptions to the State Register, contact Minnesota's Bookstore, 660 Olive Street (one block east of I-35E and one block north of University Ave), St. Paul, MN 55155, phone: (612) 297-3000, or toll-free 1-800-657-3757. Proposed Rules

Comments on Planned Rules or Rule Amendments. An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, and within 60 days of the effective date of any new statutory grant of required rulemaking.

Rules to be Adopted After a Hearing. After receiving comments and deciding to hold a public hearing on the rule, an agency drafts its rule. It then publishes its rules with a notice of hearing. All persons wishing to make a statement must register at the hearing. Anyone who wishes to submit written comments may do so at the hearing, or within five working days of the close of the hearing. Administrative law judges may, during the hearing, extend the period for receiving comments up to 20 calendar days. For five business days after the submission period the agency and interested persons may respond to any new information submitted during the written submission period and the record then is closed. The administrative law judge prepares a report within 30 days, stating findings of fact, conclusions and recommendations. After receiving the report, the agency decides whether to adopt, withdraw or modify the proposed rule based on consideration of the comments made during the rule hearing procedure and the report of the administrative law judge. The agency must wait five days after receiving the report before taking any action.

Rules to be Adopted Without a Hearing. Pursuant to *Minnesota Statutes* § 14.22, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing. An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public. The agency then publishes a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. If, during the 30-day comment period, 25 or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.1414.20, which state that if an agency decides to hold a public hearing, it must publish a notice of intent in the *State Register*.

KEY: Proposed Rules - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated “all new material.” **Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

Proposed Amendments to Rules Governing Health Risk Limits for Groundwater; DUAL NOTICE: Notice of Intent to Adopt Rules Without a Public Hearing Unless 25 or More Persons Request a Hearing, and Notice of Hearing if 25 or More Requests for Hearing Are Received; OAH Docket No. 82-9000-34834; Revisor’s ID Number RD4396

Proposed Amendments to Rules Governing Health Risk Limits for Groundwater, *Minnesota Rules* Chapter 4717, Part 7500 and Part 7860

Introduction. The Minnesota Department of Health (MDH) intends to adopt rules without a public hearing following the procedures in the rules of the Office of Administrative Hearings, *Minnesota Rules*, parts 1400.2300 to 1400.2310, and the Administrative Procedure Act, *Minnesota Statutes*, sections 14.22 to 14.28. If, however, 25 or more persons submit a written request for a hearing on the rules by 4:30 p.m. on February 21, 2018, the Department will hold a public hearing in B145, Freeman Building, 625 Robert Street North, St. Paul, Minnesota 55164, starting at 9:30 a.m. on Monday, March 19, 2018. To find out whether the Department will adopt the rules without a hearing or if it will hold the hearing, you should contact the agency contact person after February 21, 2018 and before March 19, 2018.

Agency Contact Person. Submit any comments or questions on the rules or written requests for a public hearing to the agency contact person. The agency contact person is:

You may also review the proposed rule and submit written comments via the Office of Administrative Hearings Rulemaking e-comments website at <https://minnesotaoah.granicusideas.com/discussions>.

Subject of Rules and Statutory Authority.

The Groundwater Protection Act of 1989 (Minnesota Statutes, section 103H.201), authorizes MDH to review, revise, and adopt HRLs for substances degrading groundwater in Minnesota. The proposed rules are about water guidance values called “Health Risk Limits” (HRLs) for contaminants in groundwater used for drinking water. The HRLs provide a water concentration believed to pose little risk to human health when consumed for a given time period.

The proposed amendments to the Health Risk Limit Rules for Groundwater will add or replace HRL values developed by MDH between 2014 and mid-2017. The amendments will add (to *Minnesota Rules*, part 4717.7860) health-based guidance values for four chemicals that have not been in Health Risk Limit Rules for Groundwater previously. In addition, outdated HRL values (adopted in 1993, 2009, or 2011) for 18 chemicals will be repealed (in part 4717.7500 or part 4717.7860) and replaced (in part 4717.7860) by new HRL values. A copy of the proposed rules is published in the *State Register*. Additional information about the amendments is available at: 2016/2018 Amendments: **Overview and Links** (<http://www.health.state.mn.us/divs/eh/risk/rules/water/overview.html>). You may request a free copy of the proposed rule amendments from the contact person listed above. You may also review the proposed rule and submit written comments via the Office of Administrative Hearings Rulemaking e-comments website at **Open Discussions** (<https://minnesotaoah.granicusideas.com/discussions>).

Comments. You have until 4:30 p.m. on February 21, 2018, to submit written comment in support of or in opposition to the proposed rules or any part or subpart of the rules. Your comment must be in writing and received by the agency contact person by the due date. Comment is encouraged. Your comments should identify the portion of the proposed rules addressed, the reason for the comment, and any change proposed. You are encouraged to propose any change that you desire. Any comments that you have about the legality of the proposed rules must also be made during this comment period.

Request for a Hearing. In addition to submitting comments, you may also request that the Department hold a hearing on the rules. You must make your request for a public hearing in writing, which the agency contact person must receive by 4:30 p.m. on February 21, 2018. You must include your name and address in your written request. In addition, you must identify the portion of the proposed rules that you object to or state that you oppose the entire set of rules. Any request that does not comply with these requirements is not valid and the agency cannot count it when determining whether it must hold a public hearing. You are also encouraged to state the reason for the request and any changes you want made to the proposed rules.

Withdrawal of Requests. If 25 or more persons submit a valid written request for a hearing, the Department will hold a public hearing unless a sufficient number of persons withdraw their requests in writing. If enough requests for hearing are withdrawn to reduce the number below 25, the agency must give written notice of this to all persons who requested a hearing, explain the actions the agency took to effect the withdrawal, and ask for written comments on this action. If a public hearing is required, the agency will follow the procedures in *Minnesota Statutes*, sections 14.131 to 14.20.

Alternative Format/Accommodation. Upon request, this information can be made available in an alternative format, such as large print, braille, or audio. To make such a request or if you need an accommodation to make this hearing accessible, please contact the agency contact person at the address or telephone number listed above.

Proposed Rules

Modifications. The Department might modify the proposed rules, either as a result of public comment or as a result of the rule hearing process. It must support modifications by data and views submitted to the agency or presented at the hearing. The adopted rules may not be substantially different than these proposed rules unless the Department follows the procedure under *Minnesota Rules*, part 1400.2110. If the proposed rules affect you in any way, the Department encourages you to participate in the rulemaking process.

Cancellation of Hearing. The Department will cancel the hearing scheduled for March 19, 2018 if the agency does not receive requests for a hearing from 25 or more persons. If you requested a public hearing, the agency will notify you before the scheduled hearing whether the hearing will be held. You may also call the agency contact person at (651) 201-4923 after February 21, 2018 to find out whether the hearing will be held. On the scheduled day, you may check for whether the hearing will be held by calling (651) 201-4923 or going on-line at **Health Risk Limits Rules for Groundwater 2016/2018 Amendments - Public Input: How to Comment** (<http://www.health.state.mn.us/divs/eh/risk/rules/water/publicinput.html>).

Notice of Hearing. If 25 or more persons submit valid written requests for a public hearing on the rules, the Department will hold a hearing following the procedures in *Minnesota Statutes*, sections 14.131 to 14.20. The Department will hold the hearing on the date and at the time and place listed above. The hearing will continue until all interested persons have been heard. Administrative Law Judge O'Reilly is assigned to conduct the hearing. Judge Ann O'Reilly's Legal Assistant, Cari Snaza can be reached at the Office of Administrative Hearings, 600 North Robert Street, P.O. Box 64620, Saint Paul, Minnesota 55164-0620, telephone 651-201-7906, and fax (651) 539-0310.

Hearing Procedure. If the Department holds a hearing, you and all interested or affected persons, including representatives of associations or other interested groups, will have an opportunity to participate. You may present your views either orally at the hearing or in writing at any time before the hearing record closes. All evidence presented should relate to the proposed rules. You may also submit written material to the Administrative Law Judge to be recorded in the hearing record for five working days after the public hearing ends. At the hearing the Administrative Law Judge may order that this five-day comment period is extended for a longer period but not more than 20 calendar days. Following the comment period, there is a five-working-day rebuttal period when the agency and any interested person may respond in writing to any new information submitted. No one may submit **new** evidence during the five-day rebuttal period. The Office of Administrative Hearings must receive all comments and responses submitted to the Administrative Law Judge via the Office of Administrative Hearings Rulemaking e-comments website at <https://minnesotaoah.granicusideas.com/discussions> no later than 4:30 p.m. on the due date. All comments or responses received will be available for review on the Office of Administrative Hearings Rulemaking e-comments website cited above. This rule hearing procedure is governed by *Minnesota Rules*, parts 1400.2000 to 1400.2240, and *Minnesota Statutes*, sections 14.131 to 14.20. You may direct questions about the procedure to the Administrative Law Judge.

The agency requests that any person submitting written views or data to the Administrative Law Judge before the hearing or during the comment or rebuttal period also submit a copy of the written views or data to the agency contact person at the address stated above.

Statement of Need and Reasonableness. The statement of need and reasonableness summarizes the justification for the proposed rules, including a description of who will be affected by the proposed rules and an estimate of the probable cost of the proposed rules. It is now available from the agency contact person. You may review the document at **2016/2018 Amendments: SONAR and Proposed Rules** (<http://www.health.state.mn.us/divs/eh/risk/rules/water/documents.html>) or obtain copies for the cost of reproduction by contacting the agency contact person. A copy of the proposed rules can be viewed at **2016/2018 Amendments: SONAR and Proposed Rules** (<http://www.health.state.mn.us/divs/eh/risk/rules/water/documents.html>) Additional information about this rule amendment process can be found at **2016/2018 Amendments: Overview and Links** (<http://www.health.state.mn.us/divs/eh/risk/rules/water/overview.html>).

Lobbyist Registration. *Minnesota Statutes*, chapter 10A, requires each lobbyist to register with the State Campaign Finance and Public Disclosure Board. Ask any questions about this requirement of the Campaign Finance and Public Disclosure Board at: Suite #190, Centennial Building, 658 Cedar Street, St. Paul, Minnesota 55155, telephone (651) 539-1180 or 1-800-657-3889.

Proposed Rules

Adoption Procedure if No Hearing. If no hearing is required, the agency may adopt the rules after the end of the comment period. The Department will submit the rules and supporting documents to the Office of Administrative Hearings for a legal review. You may ask to be notified of the date the rules are submitted to the office. If you want either to receive notice of this, to receive a copy of the adopted rules, or to register with the agency to receive notice of future rule proceedings, submit your request to the agency contact person listed above.

Adoption Procedure after a Hearing. If a hearing is held, after the close of the hearing record, the Administrative Law Judge will issue a report on the proposed rules. You may ask to be notified of the date that the Administrative Law Judge's report will become available, and can make this request at the hearing or in writing to the Administrative Law Judge. You may also ask to be notified of the date that the agency adopts the rules and the rules are filed with the Secretary of State by requesting this at the hearing or by writing to the agency contact person stated above.

Order. I order that the rulemaking hearing be held at the date, time, and location listed above.

REPEALER. Minnesota Rules, part 4717.7500, subparts 2, 45, 51, 53, and 75, are repealed.

Proposed Rules

Department of Labor and Industry

Office of Combative Sports

Proposed Permanent Rules Relating to Combative Sports and Mixed Martial Arts; DUAL NOTICE: Notice of Intent to Adopt Rules Without a Public Hearing Unless 25 or More Persons Request a Hearing, and Notice of Hearing if 25 or More Requests for Hearing Are Received; Revisor's ID Number R-4461

Proposed Amendment to Rules Governing Combative Sports/Mixed Martial Arts, *Minnesota Rules*, Parts 2202.0800 and 2202.1000, Judging and Fouls

Introduction. The Department of Labor and Industry intends to adopt rules without a public hearing following the procedures in the rules of the Office of Administrative Hearings, *Minnesota Rules*, parts 1400.2300 to 1400.2310, and the Administrative Procedure Act, *Minnesota Statutes*, sections 14.22 to 14.28. If, however, 25 or more persons submit a written request for a hearing on the rules by 4:30 p.m. on February 21, the Department will hold a public hearing in the Minnesota Room, Minnesota Department of Labor and Industry, 443 Lafayette Road North, St. Paul, Minnesota 55151, starting at 9:30 a.m. on Monday, March 12, 2018. To find out whether the Department will adopt the rules without a hearing or if it will hold the hearing, you should contact the agency contact person after February 21, 2018 and before March 12, 2018.

Agency Contact Person. Submit any comments or questions on the rules or written requests for a public hearing to the agency contact person. The agency contact person is: Amanda Spuckler at Department of Labor and Industry, 443 Lafayette Road North, St. Paul, Minnesota 55155; telephone: (651) 284-5361; fax: (651) 284-5749; or at amanda.spuckler@state.mn.us.

Subject of Rules and Statutory Authority. The proposed rules are about contest fouls and judging/scoring criteria for combative sports/mixed martial arts contests occurring in Minnesota. *Minnesota Rules*, Chapter 2202, adopts mixed martial arts regulatory guidelines promulgated by the national Association of Boxing Commissions, with amendments. On August 02, 2016, the Association of Boxing Commissions revised and amended their Unified Rules for Mixed Martial Arts, including changes to both Judging/Scoring Criteria and Fouls. The proposed rules are needed to make Minnesota's Chapter 2202 uniform and consistent as possible with the recent changes made by the Association of Boxing Commissions to the Unified Rules.

The statutory authority to adopt the proposed rules is in *Minnesota Statutes*, section 341.25 (2016). That statute authorizes the Commissioner of the Department of Labor and Industry to adopt rules governing the conduct of all combative sports contests and requires the Commissioner to adopt unified rules for mixed martial arts contests occurring in the State of Minnesota. A copy of the proposed rules is published in the *State Register* and attached to this notice as mailed.

Comments. You have until 4:30 p.m. on Wednesday, February 21, 2018, to submit written comment in support of or in opposition to the proposed rules or any part or subpart of the rules. Your comment must be in writing and received by the agency contact person by the due date. Comment is encouraged. Your comments should identify the portion of the proposed rules addressed, the reason for the comment, and any change proposed. You are encouraged to propose any change that you desire. Any comments that you have about the legality of the proposed rules must also be made during this comment period.

Request for a Hearing. In addition to submitting comments, you may also request that the Department hold a hearing on the rules. You must make your request for a public hearing in writing, which the agency contact person must receive by 4:30 p.m. on Wednesday, February 21, 2018. You must include your name and address in your written request. In addition, you must identify the portion of the proposed rules that you object to or state that you oppose the entire set of rules. Any request that does not comply with these requirements is not valid and the agency cannot count it when determining whether it must hold a public hearing. You are also encouraged to state the reason for the request and any changes you want made to the proposed rules.

Proposed Rules

Withdrawal of Requests. If 25 or more persons submit a valid written request for a hearing, the Department will hold a public hearing unless a sufficient number of persons withdraw their requests in writing. If enough requests for hearing are withdrawn to reduce the number below 25, the agency must give written notice of this to all persons who requested a hearing, explain the actions the agency took to effect the withdrawal, and ask for written comments on this action. If a public hearing is required, the agency will follow the procedures in *Minnesota Statutes*, sections 14.131 to 14.20.

Alternative Format/Accommodation. Upon request, this information can be made available in an alternative format, such as large print, braille, or audio. To make such a request or if you need an accommodation to make this hearing accessible, please contact the agency contact person at the address or telephone number listed above.

Modifications. The Department might modify the proposed rules, either as a result of public comment or as a result of the rule hearing process. It must support modifications by data and views submitted to the agency or presented at the hearing. The adopted rules may not be substantially different than these proposed rules unless the Department follows the procedure under *Minnesota Rules*, part 1400.2110. If the proposed rules affect you in any way, the Department encourages you to participate in the rulemaking process.

Cancellation of Hearing. The Department will cancel the hearing scheduled for March 12, 2018, if the agency does not receive requests for a hearing from 25 or more persons. If you requested a public hearing, the agency will notify you before the scheduled hearing whether the hearing will be held. You may also call the agency contact person at (651) 284-5361 after February 21, 2018 to find out whether the hearing will be held or go online at <http://www.doli.state.mn.us/PDF/docket/2200docket.pdf>.

Notice of Hearing. If 25 or more persons submit valid written requests for a public hearing on the rules, the Department will hold a hearing following the procedures in *Minnesota Statutes*, sections 14.131 to 14.20. The Department will hold the hearing on the date and at the time and place listed above. The hearing will continue until all interested persons have been heard. Administrative Law Judge Jessica Palmer-Denig is assigned to conduct the hearing. Judge Palmer-Denig's Legal Assistant, Katie Lin, can be reached at the Office of Administrative Hearings, 600 North Robert Street, P.O. Box 64620, Saint Paul, Minnesota 55164-0620, telephone (651) 361-7900, and facsimile (651) 539-0310 or Katie.lin@state.mn.us.

Hearing Procedure. If the Department holds a hearing, you and all interested or affected persons, including representatives of associations or other interested groups, will have an opportunity to participate. You may present your views either orally at the hearing or in writing at any time before the hearing record closes. All evidence presented should relate to the proposed rules. You may also submit written material to the Administrative Law Judge to be recorded in the hearing record for five working days after the public hearing ends. At the hearing the Administrative Law Judge may order that this five-day comment period is extended for a longer period but not more than 20 calendar days. Following the comment period, there is a five-working-day rebuttal period when the agency and any interested person may respond in writing to any new information submitted. No one may submit **new** evidence during the five-day rebuttal period. The Office of Administrative Hearings must receive all comments and responses submitted to the Administrative Law Judge **via the Office of Administrative Hearings Rulemaking e-comments website at <https://minnesotaoah.granicusideas.com/discussions>** no later than 4:30 p.m. on the due date. All comments or responses received will be available for review **at the Department of Labor and Industry or on the agency's website at <http://www.doli.state.mn.us/PDF/docket/2200docket.pdf>**. This rule hearing procedure is governed by *Minnesota Rules*, parts 1400.2000 to 1400.2240, and *Minnesota Statutes*, sections 14.131 to 14.20. You may direct questions about the procedure to the Administrative Law Judge.

The agency requests that any person submitting written views or data to the Administrative Law Judge before the hearing or during the comment or rebuttal period also submit a copy of the written views or data to the agency contact person at the address stated above.

Statement of Need and Reasonableness. The statement of need and reasonableness summarizes the justification for the proposed rules, including a description of who will be affected by the proposed rules and an estimate of the probable cost of the proposed rules. It is now available from the agency contact person. You may review or obtain copies for the

Proposed Rules

cost of reproduction by contacting the agency contact person. An electronic copy is available at <http://www.doli.state.mn.us/PDF/docket/2200docket.pdf>

Lobbyist Registration. *Minnesota Statutes*, chapter 10A, requires each lobbyist to register with the State Campaign Finance and Public Disclosure Board. Ask any questions about this requirement of the Campaign Finance and Public Disclosure Board at: Suite #190, Centennial Building, 658 Cedar Street, St. Paul, Minnesota 55155, telephone (651) 539-1180 or 1-800-657-3889.

Adoption Procedure if No Hearing. If no hearing is required, the agency may adopt the rules after the end of the comment period. The Department will submit the rules and supporting documents to the Office of Administrative Hearings for a legal review. You may ask to be notified of the date the rules are submitted to the office. If you want either to receive notice of this, to receive a copy of the adopted rules, submit your request to the agency contact person listed above. To register with the agency to receive notice of future rule proceedings, sign up at <http://www.dli.mn.gov/Rulemaking.asp>.

Adoption Procedure after a Hearing. If a hearing is held, after the close of the hearing record, the Administrative Law Judge will issue a report on the proposed rules. You may ask to be notified of the date that the Administrative Law Judge's report will become available, and can make this request at the hearing or in writing to the Administrative Law Judge. You may also ask to be notified of the date that the agency adopts the rules and the rules are filed with the Secretary of State by requesting this at the hearing or by writing to the agency contact person stated above.

Order. I order that the rulemaking hearing be held at the date, time, and location listed above.

Date: 1/16/2018

Commissioner's Orders

Various agency commissioners are authorized to issue "commissioner's orders" on specified activities governed by their agency's enabling laws. See the *Minnesota Statutes* governing each agency to determine the specific applicable statutes. Commissioners' orders are approved by assistant attorneys general as to form and execution and published in the *State Register*. These commissioners orders are compiled in the year-end subject matter index for each volume of the *State Register*.

Department of Natural Resources (DNR)

Commissioner's Order: Approved firewood for possession on lands administered by the Commissioner

Date: December 6, 2017

Statutory authority: *Minnesota Statutes*, section 89.551 (b)

Supersedes Commissioner's Order dated January 7, 2015.

BACKGROUND

Whereas, the Commissioner of Natural Resources administers lands to conserve and manage the State's natural resources and provide outdoor recreation opportunities for its citizens.

Whereas, approval of the possession of firewood types on state lands is necessary to reduce the risk of forest pests being introduced to lands administered by the Commissioner.

Whereas, *Minnesota Statutes*, section 89.551 (b) authorizes the Commissioner of Natural Resources by written order to approve the types of firewood that may be possessed on land administered by the Commissioner.

ORDER

NOW, THEREFORE, IT IS HEREBY ORDERED, pursuant to authority vested in me by law, including *Minnesota Statutes*, section 89.551 (b), that:

No firewood will be allowed to enter land administered by the Commissioner unless it complies with at least one of the six conditions below:

1. Firewood offered for sale by the Minnesota Department of Natural Resources (MN DNR).
2. Non-ash firewood, and was purchased from a vendor, which was harvested within the same county as the MN DNR unit in which the firewood will be used.
3. Firewood of any species harvested in Minnesota that has been certified by either the Minnesota Department of Agriculture or USDA Animal and Plant Health Inspection Service.
4. De-barked firewood of any species harvested in Minnesota, purchased from a vendor. De-barked means complete bark removal plus one half-inch of wood.
5. Firewood that consists of kiln-dried, clean (unpainted and unstained) dimensional lumber that is free of any metal or foreign substance. Pallet boards are not considered approved firewood and are not allowed as such on land administered by the Commissioner for the purposes of this order.
6. Manufactured logs (examples include logs made from extruded or pressed sawdust).

Commissioner's Orders

For conditions 1 to 4 above, all persons possessing firewood on state lands will need to be able to provide MN DNR staff with a proof of purchase that includes the vendor name, contact information, quantity, the county and state of harvest and the date of purchase. This may be in the form of a vendor ticket, bundle label or sales receipt.

IT IS FURTHER ORDERED that the Commissioner's Order titled, Approved firewood for possession on lands administered by the Commissioner, dated January 7, 2015, is hereby superseded.

This order takes effect upon signature publication in the State Register.

Date: 12/21/17

Tom Landwehr, Commissioner

Official Notices

Pursuant to *Minnesota Statutes* §§ 14.101, an agency must first solicit comments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, and within 60 days of the effective date of any new statutory grant of required rulemaking.

The *State Register* also publishes other official notices of state agencies and non-state agencies, including notices of meetings and matters of public interest.

Office of Administrative Hearings

Workers' Compensation Division

REQUEST FOR COMMENTS: Proposed Permanent Rules Governing Workers' Compensation Litigation Procedures: Resolution of Claims with Intervenors, *Minnesota Rules*, 1420.1850; Revisor's ID Number R-4527

Subject of Rules. The Office of Administrative Hearings (OAH) requests comments on its proposed amendments to rules governing workers' compensation intervention practices. OAH is considering rule amendments that align with recent amendments to Minnesota Statutes, chapter 176, the Worker's Compensation Act. Specifically, the statutory amendments make it easier for employees and employers/insurers to settle workers' compensation claims by allowing the filing of partial settlements that did not affect the legal rights of intervenors. Generally, intervenors in workers' compensation matters are medical providers seeking reimbursement for provided medical services. Far too often, intervenors (in) advertently complicate and/or prevent settlements by failing to respond to offers or demands made by the primary parties to the claim. The statutory changes were designed to allow partial settlements to proceed without the signature of intervenors, whose rights were not cut off but instead were reserved for future litigation directed by the intervenors.

Persons Affected. The amendment to the rules would likely affect potential intervenors who are participating in a pending matter before a compensation judge.

Statutory Authority. *Minnesota Statutes*, section 176.83, subd. 12, authorizes the Agency to adopt rules "relating to procedures in matters pending before a compensation judge in the Office of Administrative Hearings." 2017 Minnesota Laws Chapter 94, Article 5, Section 4 also directed the amendment of existing workers' compensation rules, at Minnesota Rule, part 1420.1850, to make the rules conform to statutory changes to Minnesota Statutes, sections 176.361, subd. 3 and 176.521.

Public Comment. Interested persons or groups may submit comments or information on these possible rules in writing until **4:30 p.m. on March 23, 2018**. Interested persons may also comment via OAH's Rulemaking eComments Website at <https://minnesotaoah.granicusideas.com>. OAH does not plan to appoint an advisory committee to comment on the possible rules.

Official Notices

Rules Drafts. OAH's draft of the proposed rules amendments is available from the agency contact person listed below and on OAH's Rulemaking eComments website at <https://minnesotaoah.granicusideas.com>.

Alternative Format. Upon request, this information can be made available in an alternative format, such as large print, braille, or audio. To make such a request, please contact the agency contact person at the address or telephone number listed above.

NOTE: Comments received in response to this notice will not necessarily be included in the formal rulemaking record submitted to the administrative law judge if and when a proceeding to adopt rules is started. The agency is required to submit to the judge only those written comments received in response to the rules after they are proposed. If you submitted comments during the development of the rules and you want to ensure that the Administrative Law Judge reviews the comments, you should resubmit the comments after the rules are formally proposed.

Minnesota Department of Health (MDH) Public Health Laboratory Division – Newborn Screening Section Notice of a Revised List of Tests to be Performed to Determine the Presence of a Heritable or Congenital Disorder in Newborn Infants in Minnesota

THIS NOTICE IS GIVEN to meet requirements of *Minnesota Statutes* 144.125 “Test of infants for heritable and congenital disorders.” The statutes describe the mechanism for revising the list of tests as follows:

“The list of tests to be performed may be revised if the changes are recommended by the Advisory Committee established under section 144.1255, approved by the commissioner, and published in the *State Register*. The revision is exempt from the rulemaking requirements in chapter 14, and sections 14.385 and 14.386 do not apply.”

NOTICE IS HEREBY GIVEN that the advisory committee recommended and the commissioner approved the addition of Pompe disease, mucopolysaccharidosis type I (MPS I), x-linked adrenoleukodystrophy (X-ALD), and spinal muscular atrophy (SMA) testing to the newborn screening panel.

State Grants & Loans

In addition to requests by state agencies for technical/professional services (published in the State Contracts Section), the *State Register* also publishes notices about grants and loans available through any agency or branch of state government. Although some grant and loan programs specifically require printing in a statewide publication such as the *State Register*, there is no requirement for publication in the *State Register* itself. Agencies are encouraged to publish grant and loan notices, and to provide financial estimates as well as sufficient time for interested parties to respond.

State Contracts

Informal Solicitations: Informal solicitations for professional/technical (consultant) contracts valued at over \$5,000 through \$50,000, may either be published in the *State Register* or posted on the Department of Administration, Materials Management Division's (MMD) Web site. Interested vendors are encouraged to monitor the P/T Contract Section of the MMD Website at www.mmd.admin.state.mn.us for informal solicitation announcements.

Formal Solicitations: Department of Administration procedures require that formal solicitations (announcements for contracts with an estimated value over \$50,000) for professional/technical contracts must be published in the *State Register*. Certain quasi-state agency and Minnesota State College and University institutions are exempt from these requirements.

Requirements: There are no statutes or rules requiring contracts to be advertised for any specific length of time, but the Materials Management Division strongly recommends meeting the following requirements: \$0 - \$5000 does not need to be advertised. Contact the Materials Management Division: (651) 296-2600 \$5,000 - \$25,000 should be advertised in the *State Register* for a period of at least seven calendar days; \$25,000 - \$50,000 should be advertised in the *State Register* for a period of at least 14 calendar days; and anything above \$50,000 should be advertised in the *State Register* for a minimum of at least 21 calendar days.

Minnesota State Colleges and Universities (Minnesota State) Request for Proposal (RFP) for Data Integration Platform

Background:

Minnesota State Colleges and Universities (Minnesota State) is the fifth-largest system of higher education in the United States. It is comprised of 37 two-year and four-year state colleges and universities with 54 campuses located in 47 Minnesota communities. The System serves approximately 430,000 students each year. The Minnesota State Colleges and Universities is an independent state entity that is governed by a 15 member Board of Trustees. The law creating the system was passed by the Minnesota Legislature in 1991 and went into effect July 1, 1995. The law merged the state's community colleges, technical colleges and state universities into one system, other than the University of Minnesota campuses. For more information about Minnesota State Colleges and Universities, please view its website at www.minnstate.edu.

Nature of RFP:

Minnesota State System Office is requesting proposals for the purchase and implementation of a cloud-based data integration and integration management solution. This RFP is undertaken by Minnesota State System Office pursuant to the authority contained in provisions of Minnesota Statutes § 136F.581 and other applicable laws.

Purpose:

The ability to effectively create and manage integrations across numerous SaaS and homegrown systems and services is foundational in supporting core business capabilities.

The purpose of this RFP is to choose a fully-developed, cloud-based data integration platform and integration management solution that will support Minnesota State in creating integrations between premise-to-premise, premise-to-cloud and cloud-to-cloud applications, data sources, databases, and API's.

Problem Statement:

Minnesota State has hundreds of integrations between its ERP systems and satellite, vendor, and shadow systems. In addition, we have multiple integrations across teaching and learning systems, registration systems, campus systems and others. To date all integrations are coded manually and specifically for each integration need.

The existing highly customized, ad hoc data integration environment is not sufficient to meet future business needs. Continuation of the current integration practices is no longer sustainable.

The Minnesota State Architecture team has been charged with implementing a standardized, centralized, secure, cloud-based data integration solution that will provide discoverable, reusable data integrations across a broad variety of cloud-based and on-premise technologies, platforms, applications and services.

General Selection Criteria:

The solution will be selected based on criteria that include, but are not limited to:

The proposed solution is a Software as a Service (SaaS, iPaaS) solution, capable of integrating data to and from on premise and cloud databases, storage providers, ERP applications, RESTful API's and Message Queues.

The RFP respondent is the publisher or an authorized reseller of the solution. The vendor of proposed solution has had a commercially available SaaS/IPaaS product with sales for a minimum of three years in public sector or Higher Education.

The proposed solution substantially complies with current national accessibility specifications and standards, including Section 508 of the 1973 Rehabilitation Act and the World Wide Web Consortium's (W3C) Web Content Accessibility Guidelines (WCAG) 2.0 AA.

Selection and Implementation Timeline:

Monday, January 8	Publish RFP notice in State Register

Minnesota State Colleges and Universities (Minnesota State) Request for Proposal (RFP) for Grants Management Solution

Background

Minnesota State Colleges and Universities is the fifth-largest system of higher education in the United States. It is comprised of 31 two-year and four-year state colleges and universities with 54 campuses located in 47 Minnesota communities. The System serves approximately 430,000 students each year. The Minnesota State Colleges and Universities is an independent state entity that is governed by a 15 member Board of Trustees. The law creating the system was passed by the Minnesota Legislature in 1991 and went into effect July 1, 1995. The law merged the state's community colleges, technical colleges and state universities into one system, other than the University of Minnesota campuses. For more information about Minnesota State Colleges and Universities, please view its website at www.minnstate.edu.

The Minnesota State Colleges and Universities (Minnesota State) Board of Trustees is the sole state agency authorized to receive and disburse federal funds and to supervise the administration of the state career and technical education (CTE) program through Minnesota State under a state plan developed jointly with the Minnesota Department of Education pursuant to Minnesota Statute § 136F.79 and the Carl D. Perkins Career & Technical Education Act of 2006 (P.L. 109-270).

Nature of RFP

Minnesota State is requesting proposals from vendors to implement a cloud-hosted (SaaS) grants management system that will be used to centralize, facilitate, and manage the entire grant-application process through the grants lifecycle and supports both grant-seekers and grant-makers.

Minnesota State's preference is to utilize a vendor that is already fully developed and used by an existing client base, but which can be customized, as needed, to meet the specific needs of our organization. We desire a system that does not

State Contracts

require our internal IT staff support. At this time, we are not interested in supporting the development of a fully custom-built system.

The Career and Technical Education (CTE) unit at Minnesota State partners with the Office of Career and College Success at the Minnesota Department of Education. The Career and Technical Education unit, currently manages up to five (5) different funding opportunities per fiscal year. Most of these funding opportunities follow a standard grants management process: grant application creation, submission and review, decision and notification, implementation, project management, reporting and close-out.

It is relevant to note that our current grants management system is not responsible for the fiscal management and accounting (i.e., payment processing and disbursement) portion of grants management. Therefore, formal fiscal management and accounting capability is not a necessary component for our needs. Funds are appropriated to other colleges or school districts, and formal fiscal management and accounting of the funds occur separately within the accounting systems of those entities. However, grant recipients are required to submit budget plans and report on project expenditures throughout their grant cycle within their annual performance reports and updates, amendments to their grant application, or final end-of-grant report, and so a level of fiscal reporting and budget planning is a necessary component. Currently, some of this budgeting occurs using Excel documents uploaded by the applicant as an attachment to their grant application.

Accordingly, Minnesota State shall select the vendor(s) whose proposal(s), and oral presentation(s) if requested, demonstrate in Minnesota State's sole opinion, the clear capability to best fulfill the purposes of this RFP in a cost-effective manner. Minnesota State reserves the right to accept or reject proposals, in whole or in part, and to negotiate separately as necessary in order to serve the best interests of Minnesota State. This RFP shall not obligate Minnesota State to award a contract or complete the proposed project and it reserves the right to cancel this RFP if it is considered to be in its best interest.

This RFP is undertaken by Minnesota State pursuant to the authority contained in provisions of Minnesota Statutes § 136F.581 and other applicable laws.

General Selection Criteria

General criteria upon which proposals will be evaluated include, but are not limited to, the following:

- Propose a cloud-hosted grants management solution (SaaS) that will be used to centralize, facilitate, and manage the entire grant-making process through the entire grants lifecycle and supports both grant-seeker/applicants and grant-makers that meets requirements set forth in this RFP.
 - Have experience as a Cloud Service Provider
 - Demonstrate compatibility with multiple platforms and multiple web browsers
 - Support mobile delivery on multiple platforms
 - Comply with current national accessibility specifications and standards, including ADA Section 508 and W3C Web Accessibility Initiative
 - Provide support and training services needed to ensure success of software implementation
 - Provide a means to Minnesota State for the measurement of license usage and growth

Selection Process

The selection process will include an evaluation of all qualified proposals by the evaluation team. The evaluation team is comprised of staff from Minnesota State, colleges and universities of Minnesota State and the Minnesota Department of Education staff, which many include member school districts.

Non-State Public Bids, Contracts & Grants

The State Register also serves as a central marketplace for contracts let out on bid by the public sector. The *State Register* meets state and federal guidelines for statewide circulation of public notices. Any tax-supported institution or government jurisdiction may advertise contracts and requests for proposals from the private sector. It is recommended that contracts and RFPs include the following: 1) name of contact person; 2) institution name, address, and telephone number; 3) brief description of commodity, project or tasks; 4) cost estimate; and 5) final submission date of completed contract proposal. Allow at least three weeks from publication date (four weeks from the date article is submitted for publication). Surveys show that subscribers are interested in hearing about contracts for estimates as low as \$1,000. Contact editor for further details.
